HINO 300

SERIES

**BUILT TO PERFORM. ENGINEERED FOR SAFETY.
PROVEN RELIABILITY.**

TESTED TO THE LIMITS OF DURABILITY AND RELIABILITY.

Quality, Durability and Reliability (QDR) are the principles the Hino reputation and name are built on. Now the Hino 300 Series takes QDR to the next level. With every component, body and engine part tested and retested for performance and longevity in all manner of road and weather conditions. This constant drive and determination to be the best is what sets the Hino 300 Series apart. It combines exciting new standards of efficiency and safety with a relentless commitment to QDR and delivering over the long run. No wonder Hino continues to experience success time and again at the legendary Dakar Rally.

BUILT TO PERFORM. ENGINEERED FOR SAFETY. PROVEN RELIABILITY.

The Hino 300 Series is engineered for businesses that demand exceptional performance, dependable reliability, and long-term durability. Every 4x2 model comes equipped with an advanced Hino SmartSafe safety package as standard, which helps protect drivers, passengers and other road users. Choose from proven diesel or Hybrid Electric drivelines, featuring true automatic transmission across the diesel model range. With exceptional comfort and visibility in every cab, the 300 Series is built to take on the toughest workloads – day in and day out – with confidence.

Please refer to the Hino 300 Series Owner's Manual for details on system operation and functionality.
Details contained within this document support all 300 Series 4x2 models. Please refer to hino.com.au for details supporting the 300 Series 4x4 models.

PERFORMANCE YOU FEEL. QUALITY YOU TRUST.

Built for purpose, the Hino 300 Series combines innovative safety and smart technology to support drivers behind the wheel. With exceptional cab ergonomics, intuitive controls and Hino SmartSafe with advanced driver-assist features, it's a working environment built for comfort, confidence and long-term efficiency.

Navigation System (optional)
Get where you need to go more efficiently with the Hino truck-specific satellite navigation system. This system includes live traffic updates - and offers alternate routing, plus 3 years over-the-air map and software updates.

DIN Mounting Holes
All Wide Cab models feature blank DIN mounting holes in the dash for accessories that can be added later.

Multimedia Unit
10.1" Ultra High-Definition, capacitive touch screen, Wireless Apple CarPlay & Android auto compatible. Capable of connecting up to 6 multi-position cameras and supports AM/ FM+RDS/ DAB + Radio, Bluetooth 5.0 Phone & Audio, USB 2.0 & 3.0, 2.4 Ghz Wi-Fi enabled.

Reverse Camera
Waterproofed from the elements, it offers wide view, high definition vision, along with infrared night vision. The system also features a microphone with volume control which allows the driver to hear their surroundings.

Driver Instrument Panel
Featuring a 4.2" TFT LCD Multi Information Display (MID) with an easy to read high contrast instrumentation cluster consisting of an enlarged centralised speedometer with an offset tachometer, a suite of warning gauges and lights. Get instant updates about your vehicle's operations including safety, economy, transmission and vehicle control systems.

Cruise Control
Automatically controls the road speed of the vehicle as set by the driver, which reduces fatigue and can improve overall fuel efficiency.
