

WARRIOR

BY PREM CAR

PATROL WARRIOR

MADE TO CONQUER

MADE TO CONQUER HARSH AUSTRALIAN TERRAIN

The Patrol WARRIOR by Premcar is developed and built in Australia for drivers who demand capability and refinement in demanding conditions. Not only does it tow, climb, and conquer with ease, it stands taller, wider, and with more authority.

The Patrol's off-road capabilities are already legendary. In the Patrol WARRIOR, you'll discover new destinations. Conquer rugged Australian terrain with extra ground clearance, a wider track, upgraded Hydraulic Body Motion Control (HBMC) suspension. Venture even further with increased carrying capacity and more recovery points. Hear the full vocal range of its V8-powered roar through the exclusive bi-model active exhaust.

DEVELOPED BY PREM CAR: AT THE FOREFRONT OF AUTOMOTIVE ENGINEERING

Established by Prodrive UK in 1996, Premcar is a renowned low volume vehicle manufacturer. With a long and successful history at the forefront of vehicle re-engineering in Australia, Premcar's WARRIOR team enhance and build the WARRIOR conversion at dedicated facilities in Melbourne.

The Patrol WARRIOR by Premcar has been engineered to ensure no compromise to its core characteristics, while enhancing its capability, looks and driving enjoyment. Premcar's development process focused on three key pillars, each designed to broaden the Patrol's already legendary might.

For complete peace of mind on the road, Premcar also matches the Nissan 5-year warranty⁺⁺ for the Patrol WARRIOR conversion.

ENHANCED CAPABILITY

The Patrol WARRIOR boasts increased ground clearance, larger all-terrain tyres, a redesigned towbar to accommodate a full-size spare, and key improvements to suspension and GVM[#]. Its bigger and bolder dimensions give it extra presence both on and off-road.

THE PERFECT SOUNDTRACK

The bespoke bi-modal exhaust system unleashes the full roar of the 298kW V8 engine.

SUPERB REFINEMENT

The Patrol WARRIOR delivers the ideal blend of tough exterior styling, cabin comfort and ride smoothness, providing ultimate comfort for those long journeys on and off-road.

[#] GVM = Gross Vehicle Mass. GVM is the maximum laden mass of a motor vehicle.
⁺⁺ Conditions apply. See www.nissan.com.au/warranty for more details.

ENHANCED CAPABILITY

POWERFULLY BUILT

Overall capability is enhanced in the Patrol WARRIOR thanks to its segment-leading* ground clearance at 323mm, larger all terrain tyres, redesigned towbar to support a full-size spare, and upgrades to its suspension and GVM#.

Nissan’s innovative Hydraulic Body Motion Control (HBMC) system has been redeveloped in the Patrol WARRIOR, improving on the Patrol’s already excellent performance in handling, steering confidence, ride, feel and comfort – both on and off-road.

Multi-rate springs in the front and rear enable fantastic wheel articulation off-road while minimising pitch and roll on-road. The 50mm increased ground clearance and 40mm wider wheel track improve performance and stability over the toughest terrain, while unique 18-inch alloy wheels with All-Terrain tyres deliver excellent driving dynamics with a smooth and quiet ride.

Capability has been improved wherever possible, resulting in a GVM# increase of 120kg. The Patrol WARRIOR can tow up to 3,500kg braked^, for serious toy hauling. And when you venture into the rough stuff, the two rated rear recovery points mean you’ll know you can get there – and back again.

* Based on the SUV upper large < \$120,000 VFACTS motor vehicle classifications as at April 2024.
GVM = Gross Vehicle Mass. GVM is the maximum laden mass of a motor vehicle.
^ Towing capacity is subject to towbar/towball capacity and vehicle laden condition. The capacity may be reduced if a non genuine Nissan towbar is fitted. The permitted download is directly related to the laden mass of vehicle. Towbar Assembly Kit includes towbar cross member, tongue and harness. Tow ball, safety chain and D shackle remain customer cost optional dealer fit accessories.

THE PERFECT SOUNDTRACK

HEAR THE RUMBLE

Premcar designed and engineered a bespoke bi-modal active exhaust system for the Patrol WARRIOR that lets you unleash the roar of its glorious 298kW 5.6L V8 engine. This distinctive exhaust system increases the engine sound without compromising ride enjoyment.

Utilising the latest in valve technology, it is quiet and refined on a light throttle, but roars when strong acceleration is demanded. Giving you the best of both worlds – a quiet ride when you want it, and full noise when you put your foot down.

Tip the transmission into 7-speed manual mode and the WARRIOR’s bi-modal exhaust roars into life to deliver an even more engaging and memorable driving experience.

The distinctive twin-tip side exits are positioned on the right-hand side and are carefully packaged not to encroach on the ramp-over profile to avoid the risk of damage.

SUPERB REFINEMENT

COMFORT FOR 8 IN TOUGH CONDITIONS

The Patrol WARRIOR delivers the ideal blend of cabin refinement and ride smoothness, with a spacious interior that seats up to 8 comfortably on long journeys. The sophisticated black colour scheme features Alcantara[∞] door and dashboard inlays with WARRIOR branding, leather accents[†] throughout and a durable clear-coated gloss black trim that reflects the Patrol WARRIOR’s purposeful style.

COMFORT FOR 8 IN TOUGH CONDITIONS

The road ahead might not be easy, but you’ll have everything you need for an enjoyable journey. The Patrol WARRIOR conquers convenience with a large 10.1" High-Definition Multimedia Touchscreen featuring seamless smartphone connection via Apple CarPlay[®] and Android Auto[™]. Find adventure with access to iGO Street Navigation* and an optional 30-day trial subscription with Hema Off-Road Navigation^Ω. There’s also a wireless charging pocket[¥] for your devices, heated power folding mirrors, 2nd row cooler controls and an Intelligent Key with remote keyless entry.

[∞] Alcantara is a registered trademark of Alcantara S.P.A.
[†] Leather-accented features and upholstery may contain synthetic material.
^Ω 30 day trial requires Hema Maps membership and is subject to Hema Maps terms and conditions. WiFi connection required to activate membership. Subscription fees apply after 30 day trial completes. Nissan is not responsible for and does not guarantee or endorse Hema Maps or its products and services.
[£] CarPlay is a registered trademark of Apple Inc. Android Auto is a trademark of Google LMC. Compatible device required. Wired connections require a USB connection.
[¥] Compatible device required.
^μ Note the maximum charge rate for MagSafe phones is 7.5W
^{*} iGO Street Navigation includes 3 years of licenced updates

10.1" HIGH RESOLUTION TOUCHSCREEN DISPLAY

Customise the high-definition touchscreen in Patrol WARRIOR to suit your preferences while displaying your favourite apps, media and navigation in an immersive and intuitive interface.

WIRELESS AND WIRED APPLE CARPLAY[®] AND ANDROID AUTO[™]

Enjoy wireless smartphone connectivity with intuitive steering wheel controls. Apple CarPlay[®] and Android Auto[™] give you convenient access to your favourite apps, music, podcasts, phone calls, messages and more.

IGO STREET NAVIGATION*

Patrol WARRIOR is equipped with iGO Street Navigation including 3 years of licenced map updates for easy navigation of your local destinations – and keeping you on track in real time.

HIGH-DEFINITION REVERSE CAMERA

With a 1080p resolution and 180° wide Field of View (FOV) reverse camera, the detailed camera view helps make reversing and parking easier.

HEMA OFF-ROAD NAVIGATION^Ω

The Hema Off-Road Navigation app is available as a free 30-day trial, which can be activated by the vehicle owner with Hema maps membership.^Ω

15W WIRELESS SMARTPHONE CHARGE POCKET[¥]

Ditch the cables and dock your phone in the innovative wireless charging pocket for charging on the road. Compatible with all wireless charging enabled smartphones including Apple MagSafe.^μ

EXTERIOR

ENHANCED PERFORMANCE, ELEVATED PRESENCE

The enhanced design of the Patrol WARRIOR seamlessly integrates with the Patrol's sophisticated lines, while adding a wider and more purposeful stance.

The upgraded exterior increases off-road capability without compromising performance. It is taller, wider and longer, with unique WARRIOR styling throughout.

Black exterior accents including black grille, mirror caps, rear bumper diffuser and black chrome WARRIOR badge underline Patrol WARRIOR's tough yet sophisticated look.

WARRIOR WHEELS & TYRES

The bespoke 18" black and machined alloy wheels are exclusive to Patrol WARRIOR and are shod with heavy-duty 34.4" Yokohama® Geolandar®+ All-Terrain tyres, including a full-size alloy spare.

UNDERBODY PROTECTION

A WARRIOR stamped red powder-coated steel bash plate protects the underbody of the Patrol WARRIOR from rough driving surfaces.

SUSPENSION & TRACK WIDTH

Patrol WARRIOR has extra presence, standing taller and wider than the Patrol Ti with 50mm increased ground clearance and a 40mm wider track, delivering even more stability and off-road agility.

REVISED TOWBAR

The towbar setup has been redesigned – including cross-member, tongue and harness – to allow the Patrol WARRIOR to carry a full-size spare wheel under the vehicle.

REDESIGNED BUMPERS & FENDER FLARES

Patrol WARRIOR has revised front and rear bumper designs for extra wheel clearance, integrated with the unique grained-finish fender flare kit for extra body protection when off-roading.

TWO 3,500KG[§] RECOVERY POINTS

The revised towbar setup features two rear recovery points to help get you – or more likely, your mates – out of tough spots.

‡ Yokohama® and Geolandar® are registered trademarks of Yokohama Rubber Co., Ltd.

§ The towbar as a system is certified to 3,500kg in accordance with Australian Design Rules.

TECHNOLOGY

ADVANCED SAFETY

TECH FROM HIGHWAY

TO OFF-ROAD

The Patrol WARRIOR uses advanced technologies to make driving safer and easier. For daily driving, you have the full suite of tech including Intelligent Cruise Control[«], Intelligent Emergency Braking and Intelligent Blind Spot Intervention^º.

For off-road driving, you’ve got an electronic rear differential lock for extra traction on challenging terrain, as well as a Tyre Pressure Monitoring System^{*}.

YOU’LL FIND AN IMPRESSIVE SUITE OF NISSAN INTELLIGENT MOBILITY TECHNOLOGIES ONBOARD:

- Intelligent Cruise Control[«]
- Intelligent Emergency Braking
- Intelligent Forward Collision Warning
- Lane Departure Warning

- Intelligent Lane Intervention
- Blind Spot Warning^º
- Intelligent Blind Spot Intervention^º
- Rear Cross Traffic Alert

« Intelligent Cruise Control is not a collision avoidance or warning device. Designed to use limited braking. Failure to apply the brakes could result in an accident. Intelligent Cruise Control should not be used while towing.

º Blind Spot Warning/Blind Spot Intervention Systems are not a substitute for proper lane change procedures. The systems will not prevent contact with other vehicles or accidents. They may not detect every vehicle or object around you.

* Tyre Pressure Monitoring System is a drivers aid only and not a substitute for regular tyre pressure checks and ongoing tyre care.

SERVICING,

WARRANTY & REPAIR

BACKED BY A 5-YEAR

WARRANTY⁺⁺

To ensure your purchase and ownership experience of the Patrol WARRIOR by Premcar is hassle-free, your local Nissan Dealership will take care of all vehicle sales, financing, servicing and repairs.

Servicing is covered by Nissan’s Capped Price Service program, with the Patrol WARRIOR also backed by a comprehensive five-year, unlimited kilometre warranty⁺⁺ covering all Nissan and Premcar parts. Nissan’s extensive five-year factory warranty applies to all manufacturer components, while Premcar matches the Nissan warranty on all WARRIOR enhancements.

Simply contact your Nissan Australia Dealership when it’s time to service your vehicle, or if you have a warranty query, and Nissan’s service team will take care of the rest.

⁺⁺ Conditions apply. See www.nissan.com.au/warranty for more details.
