

All-New Mustang

2024/2024.50MY

Ford

This is a wake up call

Mustang has always delivered the freedom of the road, but now, it offers an utterly immersive experience. With fighter jet-like cockpit, a new, more aggressive design, and thrilling engine choices, the All-New Mustang lineup will stir your soul like never before.

Timeless style, iconic looks

Since 1964, Mustang has set the benchmark for how performance should look. And this All-New Mustang is no exception, with a shared design language of sleek aggression that remains true to Mustang's untamed spirit.

A work of
performance art

Re-imagined interior

Signature tri-bar lighting

Roar power

Breathtaking performance on the track

This newest generation of Mustang gives every driver the chance to experience the athleticism and exhilaration of the world's most famous muscle car, no matter which model you slip behind the wheel of.

Line lock feature is for track use only. Do not operate line lock on public roads.

Utterly driver-focused

Beneath the chiseled exterior lies a completely re-imagined cockpit, with ambient lighting, sleek digital displays, optional Recaro sport seating,³ and premium soft-touch accents all around.

GT Fastback manual model with optional black pack shown.

Peak performance on any road

Selectable drive modes¹ allow you to automatically adjust steering feel, throttle response, exhaust volume and electronic stability control to suit every drive. On-screen, unique animations and cluster appearances, powered by the same Unreal Engine 3D software used in video games, accompany each drive mode.

Adrenaline-boosting drift brake²

Co-developed with Formula Drift champions, Mustang's drift brake flatters novices, and supports experts, on the race track. A torque-sensing limited slip differential helps you guide your slide with ease.

Technology to enhance every drive

Excitement starts from within

Sitting in the driver's seat feels less like being in a car, and more like a fighter jet. Twin screens before you, controls at your fingertips and a dark cocoon of comfort all around. On-screen, every pixel counts, with endlessly customisable displays and unique drive mode-specific visuals to give you a fully immersive experience.

Sounds like a muscle car should

The quad tip exhaust with active valve functionality⁴ lets you control the volume of your Mustang – although it's hard to resist the raucous V8 growl of the sport setting. And, when you can't wait, you can start the engine from afar with the remote start⁵ function on your key fob.

MagneRide[®] Adaptive Suspension⁶

Line Lock⁷

B&O 12-speaker sound system⁸

Mustang EcoBoost

Power without compromise

Enjoy the efficiency of the EcoBoost model, powered by a new, four-cylinder turbocharged 2.3-litre powertrain. Extensive engine refinements, including a revised twin-scroll turbo and improved camshaft timing, help deliver maximum driving thrills.

| New 2.3L EcoBoost 4 cylinder turbo engine

| 232kW @ 5,500 RPM⁹ / 475Nm @ 3,000 RPM⁹

| 10-speed automatic

Mustang GT Fastback

More powerful than ever

The new Gen-IV 5.0L V8 introduces a range of technological upgrades, including twin air intakes and dual throttle bodies, helping to generate even more horsepower than its legendary predecessor.

| New Gen-IV 5.0L V8 engine

| 345kW @ 7,250 RPM⁹ / 550Nm @ 4,850 RPM⁹

| 6-speed manual or 10-speed automatic

GT Convertible

Open up to the world

The Mustang GT Convertible continues its drop-top legacy, allowing you to experience the unmatched wind-in-your-hair freedom of the open road. The roof is more refined and easier to operate than ever, retracting in less than 10 seconds, and the low-profile z-fold design stacks flatter when open. So, you get an even sleeker silhouette and no intrusion into the boot space.

| New Gen-IV 5.0L V8 engine

| 345kW @ 7,250 RPM⁹ / 550Nm @ 4,850 RPM⁹

| 10-speed automatic

Dark Horse

Street legal. Track ready.

Experience the thrill of the All-New Mustang Dark Horse as it roars to life, drowning out all distractions with its exhilarating athleticism.

- | Performance enhanced Gen-IV 5.0L V8 engine
- | 350kW @ 7,250 RPM⁹ / 550Nm @ 4,850 RPM⁹
- | Tremec 6-speed manual or 10-speed automatic
- | Unique Dark Horse performance and appearance upgrades

Experience the thrill, enjoy the safety

Power to protect you

All the state-of-the-art technology packed into Mustang won't just enhance your driving pleasure, but also actively keep you safer on the road.

Evasive Steer Assist¹⁰

If Pre-Collision Assist with Autonomous Emergency Braking (AEB) determines the distance is too short to brake in time to avoid a collision, your Mustang will provide steering support (without steering for you) to help you avoid the obstacle.

Pre-Collision Assist with Autonomous Emergency Braking (AEB)^{10,11}

Mustang can alert you to a potential collision with a vehicle, cyclist or pedestrian in front of you and now, also while turning at intersections. If you don't take corrective action, the brakes can apply automatically.

Adaptive Cruise Control and Lane Centring^{10,13}

Adaptive Cruise Control allows you to maintain a preset speed and distance from the vehicle ahead, slowing to a stop, then returning to your set cruising speed once traffic clears. Plus, Lane Centring helps keep your vehicle properly centred in the lane.

Reverse Brake Assist¹⁰

Your Mustang can detect if there is an object or pedestrian behind you or a vehicle about to cross at the rear. It will sound an alert and if you don't react in time will brake for you.

Post-Collision Braking^{10,12}

Post-Collision Braking automatically applies moderate brake pressure when an initial collision event is detected. Slowing the vehicle after impact can potentially lessen injury and damage to the vehicle, as well as reduce the severity of a potential secondary collision.

BLIS with Cross Traffic Alert¹⁰

Blind Spot Information System (BLIS) helps you change lanes, alerts you when a vehicle enters the blind spot zone and will even resist the lane change if you miss the warning. Cross-Traffic Alert warns of traffic approaching from the sides when the vehicle is in reverse.

All-New Mustang ownership experience

Ford Insure¹⁴

Ford Genuine Parts maintain the integrity of your car by ensuring it performs the way it's meant to.

It's the same with Ford Insure. Because it's made specifically for your Ford, it offers these key features designed to restore your car to how it was before the accident:

3 Year New for Old Replacement¹⁵

If your vehicle is accidentally damaged beyond economic repair and less than 3 years old, you could be eligible to replace it with a new one

New Genuine Parts¹⁶

Look after the integrity of your vehicle, by using only New Genuine Parts, when possible

Choice of Repairer¹⁷

Provides you flexibility with your choice of repairer, when possible

Flexible Payment Options¹⁸

Offers you both annual or monthly payments

Running a fleet?

Our Ford Fleet team is here to assist you in any way we can. Please email askfleet@ford.com

1. Track and drag strip drive modes are for track use only. Do not operate these drive modes on public roads. Driver assist features are supplemental and do not replace the driver’s attention, judgement and need to control the vehicle. Please see Owner’s Manual for more information.
2. Drift brake feature is for track use only. Do not operate drift brake on public roads.
3. Factory Options can be ordered before a vehicle is manufactured at an additional cost. Available on GT Fastback and Dark Horse models only. Not available when GT Appearance Pack is selected.
4. Race track exhaust setting is for track use only. Do not operate race track exhaust setting on public roads.
5. Remote start function available on vehicles with an automatic transmission only.
6. Factory Options can be ordered before a vehicle is manufactured at an additional cost. Not available when GT Appearance Pack is selected. GT Fastback models fitted with MagneRide® suspension will receive Red painted Brembo™ brake callipers with a white Brembo™ logo. MagneRide® is standard on Dark Horse, and will come with Black painted Brembo™ brake callipers with a white Brembo™ logo as standard. Brembo™ brake callipers will be changed to Notorious Blue painted Brembo™ brake callipers with a Grabber Blue Brembo™ logo as part of Dark Horse Appearance Pack.
7. Line lock feature is for track use only. Do not operate line lock on public roads.
8. BANG & OLUFSEN© 2024 and B&O© 2024. BANG & OLUFSEN™ and B&O™ are registered trademarks of Bang & Olufsen Group. Licensed by Harman Becker Automotive System Manufacturing Kft. All rights reserved..
9. Performance data measured using 98 RON fuel.
10. Driver-assist features are supplemental and do not replace the driver’s attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. Please see Owner’s Manual for more information.
11. Pre-collision Assist with Autonomous Emergency Braking detects pedestrians, but not in all conditions, and can help avoid or reduce a collision. Intersection Assist does not detect all vehicles in intersection, pedestrians or cyclists. These do not replace safe driving. See Owner’s Manual for limitations.
12. This feature will return control of the vehicle to the drive if, at any time after the impact, the driver actively operates the accelerator pedal or carries out emergency braking by themselves. If there is no such intervention from the driver, the system will brake the vehicle to a complete stop.
13. The Stop and Go functionality of this system operates as low as 0km/hr in traffic jam situations. Customers should read the Owner’s Manual for full details of the limitation of the ACC system before activating the system. Lane centring available on models fitted with an automatic transmission only. Manual transmission models will feature lane keeping aid with lane departure warning only.
14. While all reasonable skill and care has been taken in preparation of this it should not be construed or relied upon as a substitute for specific advice on your insurance needs. The advice is not based on your personal objectives, financial situation or needs. Accordingly, you should consider how appropriate the advice is to those objectives, financial situation and needs before acting on the advice and, before buying the product, you should read the current Product Disclosure Statement (PDS) and Target Market Determination (TMD) prepared by the insurer, HDI Global Specialty SE – Australia, ABN 58 129 395 544, AFSL 458776 (“HDI”). Both the PDS and the product TMD are available at wtwco.com/fordinsure. WTW receives commission benefits from the insurer. These fees and commission are disclosed in the WTW FSG and relevant client documentation. This insurance product is arranged by Ford Motor Company of Australia Pty Limited ABN 30 004 116 223 (“Ford Australia”) or a participating Ford Dealer acting as a distributor of WTW for this product. In arranging this insurance, Ford Australia and participating Ford Dealers act on behalf of WTW and not as your agent. You should review and understand the WTW FSG. If you purchase this insurance Ford Australia and your participating Ford Dealer will receive a commission from WTW. For further information or assistance please go to www.wtwco.com/fordinsure or call us on 13 FORD (3673). WTW are acting as agent of HDI Global Specialty SE- Australia under a binding authority agreement.
15. If your new vehicle is within 3 years of the first registration and is involved in a claim that is assessed a Total Loss, it may be replaced with a new vehicle of the same make and model, where a replacement vehicle is available. If the same make and model is not available, the Insurer may replace your vehicle with the nearest equivalent or suitable replacement. Refer to the Ford Insure PDS for full details.
16. Some insurance companies may use repairers that could use non genuine parts to repair your vehicle. If your claim is accepted the insurer will use Genuine Parts when available. If not available, the insurer may use genuine reconditioned or recycled parts or ADR certified new, recycled or reconditioned parts. Refer to the Ford Insure PDS for full details.
17. The Insurer may authorise repairs at your repairer of choice; pay you the reasonable costs of repairing your vehicle; or move your vehicle to another repairer that is agreed upon. Refer to the Ford Insure PDS for full details.
18. Premiums are payable annually or monthly, subject to minor adjustments (upwards or downwards) due to rounding and financial institution transaction fees apply. Refer to the Ford Insure PDS for full details.

Disclaimer:

1. Performance data measured using 98 RON fuel. 2. Fuel consumption and emissions as per ADR 81/02 (combined cycle) and to be used for vehicle comparison purposes only. It is unlikely that these fuel consumption and emissions figures will be achieved in real world driving conditions. Actual fuel consumption and emissions will depend on many factors including the driver's habits, prevailing conditions and the vehicle's equipment, condition and use. 3. Brake calliper colour changes to red when MagneRide® suspension is optioned on GT Fastback models. On Dark Horse models, brake calliper colour changes to Notorious Blue with Grabber Blue Brembo™ logo when Dark Horse appearance pack is selected. 4. Track and drag strip drive modes are for track use only. Do not operate these drive modes on public roads. Driver assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle. Please see Owner's Manual for more information. 5. Factory Options can be ordered before a vehicle is manufactured at an additional cost. Not available when GT Appearance Pack is selected. GT Fastback models fitted with MagneRide® suspension will receive Red painted Brembo™ brake callipers with a white Brembo™ logo. MagneRide® is standard on Dark Horse, and will come with Black painted Brembo™ brake callipers with a white Brembo™ logo as standard. Brembo™ brake callipers will be changed to Notorious Blue painted Brembo™ brake callipers with a Grabber Blue Brembo™ logo as part of Dark Horse Appearance Pack. 6. Vehicle dimensions are approximate and subject to individual vehicle variances, and should be confirmed before fitting any accessories or otherwise relying on this value. 7. Track App features are for track use only. Please do not operate these features on public roads. 8. Race Track exhaust setting is for track use only. Do not operate race track exhaust setting on public roads.

The FordPass App and FordPass Connect modem can only work when both are connected to the telecommunications network. The FordPass Connect modem will only function on the 3G or 4G telecommunications networks. When these networks are no longer available, the modem will stop functioning and the connected services and all data transmission via the modem will cease. Ford cannot guarantee that FordPass will be in fully operating condition at all times and the FordPass App may be unavailable or particular FordPass services interrupted. Ford is not responsible for any limitations or restrictions of the telecommunications network or of your mobile device. Warning: Local laws prohibit some phone functions while driving. Check your local road rules before using these functions. Use Remote Vehicle Start and Stop responsibly and only in well ventilated areas where you are aware of your vehicle's surroundings. **16.** Driver assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle. Please see Owner's Manual for more information. **17.** Pre-collision Assist with Autonomous Emergency Braking detects pedestrians, but not in all conditions, and can help avoid or reduce a collision. Intersection Assist does not detect all vehicles in intersection, pedestrians or cyclists. These do not replace safe driving. See Owner's Manual for Limitations. **18.** Evasive Steer Assist does not control steering. **19.** This feature will return control of the vehicle to the drive if, at any time after the impact, the driver actively operates the accelerator pedal or carries out emergency braking by themself. If there is no such intervention from the driver, the system will brake the vehicle to a complete stop. **20.** Adaptive Cruise Control (ACC) has a minimum operating speed of 20km/h. **21.** Adaptive Cruise Control and Lane Centring has a minimum operating speed of 20km/hr. The Stop and Go functionality of this system operates as low as 0km/hr in traffic jam situations. Lane Centring feature should be disabled via the Driver Assistance menu in SYNC before towing. Customers should read the Owner's Manual for full details of the limitations of the ACC system before activating the system. **22.** Vehicle dimensions are approximate and subject to individual vehicle variances, and should be confirmed before fitting any accessories or otherwise relying on this value. **23.** Subject to State and Territory regulations. Kerb Weight includes the vehicle with a full tank of fuel, without occupants, luggage or cargo and with the heaviest possible combination of factory fitted optional equipment included. Payload is calculated by deducting the vehicle's Kerb Weight from its Gross Vehicle Mass (GVM). Payload (based on Kerb Weight) is the maximum combined value of occupants, cargo, added accessories, added structures and tow ball download (when towing). Vehicle weights are approximate and subject to individual variances. Vehicles should be weighed before and after adding additional load, accessories or towing a trailer to ensure the maximum Gross Vehicle Mass (GVM), Gross Combined Mass (GCM) are not exceeded. **24.** Factory Options can be ordered before a vehicle is manufactured at an additional cost. **25.** Not available when MagneRide Suspension and/or Recaro Sport Seat Options are selected. **26.** Not available when GT Appearance Pack is selected. **27.** Factory Options can be ordered before a vehicle is manufactured at an additional cost. Not available when GT Appearance Pack is selected. GT Fastback models fitted with MagneRide® suspension will receive Red painted Brembo™ brake callipers with a white Brembo™ logo. MagneRide® is standard on Dark Horse, and will come with Black painted Brembo™ brake callipers with a white Brembo™ logo as standard. Brembo™ brake callipers will be changed to Notorious Blue painted Brembo™ brake callipers with a Grabber Blue Brembo™ logo as part of Dark Horse Appearance Pack. **28.** Dark Horse Appearance Pack only available on Vapour Blue, Ember Blue, and Shadow Black Dark Horse variants. Includes black painted roof except when ordered with Shadow Black Paint. Dark Horse Appearance Pack is standard on Ember Blue models and cannot be deselected.
