

PEUGEOT PROFESSIONAL BOXER VAN

FOR THE DAY AHEAD

THE VAN THAT PUNCHES ABOVE ITS WEIGHT

PEUGEOT Boxer Van has been designed to deliver outstanding productivity & versatility for when you have a big job to do – with everything you need, and nothing you don't.

PEUGEOT Boxer Pro Long boasts a zippy six-speed manual transmission linked to an efficient turbo-diesel engine. Together they deliver responsive handling dynamics and a smooth driving performance.

Inside, the Boxer cabin seats three people comfortably upfront, with generous cabin storage throughout including a dash tray, multiple pockets, an overhead shelf and three cup holders.

Out the back the long wheelbase delivers a flexible and customisable cargo space, which is 3.7m long at floor height and boasts a 1.9m internal roof height - offering up a cavernous cargo capacity of up to 13 cubic metres¹.

1. Cargo bay dimensions quoted at maximum length, and are provided for guidance only. The cargo bay is an asymmetric shape and dimensions are therefore variable. Customers must check critical dimension requirements by measuring vehicle.

DESIGN & TECHNOLOGY

INFO AT YOUR FINGERTIPS

The 9" capacitive colour touch-screen is your portal to a host of functions including Bluetooth®, Apple Carplay® and Android Auto™ Connectivity¹ and voice recognition.

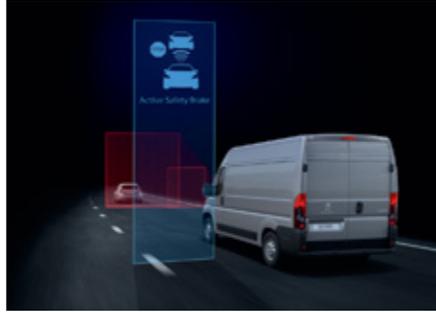

While the configurable 5.5" digital driving display in the cockpit, provides easy access to a host of vehicle information.

PARKING SENSORS

Rear parking sensors and a 180° colour reversing camera make Boxer a breeze to park.

Other practical and convenient features for parking and loading your gear includes passenger side slide door, 180-degree rear swing doors and remote locking with separate access to the cabin and cargo area.

ACTIVE SAFETY

For big days on the job, PEUGEOT Boxer is fitted with a long list of advanced active safety & driver assist features to protect the driver and all road users – including Lane Departure Warning, Autonomous Emergency Braking, Forward Collision Warning and Stability Control.

¹. Compatible Apple® or Android™ device required.

1. Cargo bay dimensions quoted at maximum length, and are provided for guidance only. The cargo bay is an asymmetric shape and dimensions are therefore variable. Customers must check critical dimension requirements by measuring vehicle. 2. Fuel consumption results are based on NEDC's standard test procedure to provide customers with a basis for comparison of the performance of vehicles in accordance with ADR 81/02 only. No test can simulate all 'real world' driving conditions. Actual on-road fuel consumption is will vary due to factors such as traffic conditions, vehicle conditions and load, fuel quality and how the vehicle is driven.
