sculpted design

With its assertive silhouette, muscular shoulders, and imposing front grille, Renault Koleos wins you over from the first glance.

Koleos boasts its raised ground clearance, high skid plates on the bumpers and its range of alloy wheel rim designs. Its LED lighting signature also leaves an impression.

a new vision of comfort

The passenger compartment finish is meticulous, right down to the smallest details: satin chrome for the inserts on the steering wheel and air vents; soft-touch materials on the dashboard and door trims; nappa leather upholstery with contrast topstitching.
