● = Standard | + = Optional equipment, Manufacturer’s Recommended List Price (MRLP) shown | — = Not available | NCO = No cost option

* With launch control engaged.

- Conditions and exclusions apply, see <https://www.audi.com.au/au/web/en/owners/warranty.html>. Your rights under this warranty are provided in addition to, and in some cases overlap with, consumer guarantees under Australian Consumer Law and do not limit or replace them.

+ Manufacturer’s Recommended List Price (MRLP) of the factory fitted options only and include GST and, if applicable Luxury Car Tax (LCT). MRLP excludes dealer charges, which may vary from dealer to dealer, and all other government and statutory charges, which vary from state to state. The MRLP is correct at the date of publication is subject to change without notice. For the latest MRLP pricing please contact your local Audi Dealer.

^ The figures stated are for the purposes of comparison amongst vehicles tested under the same testing procedures only. The actual figure may vary depending on multiple factors such as fuel quality, vehicle load, environmental and road conditions.

* The content and scope of the Audi connect *plus* services offered may vary from time to time. Features vary by model and Audi AG may add, change, replace or remove individual services or features at any time during your subscription for the Audi connect *plus* services. Terms and conditions apply, please visit www.audi.com.au/audiconnectplus-termsofservice for more information. Additional information about our privacy practices and procedures is contained in our Privacy Policy located at: www.audi.com.au/audiconnectplus-privacypolicy

o When fitted with Audi Genuine Tow Bar. Towing capacities are applicable to Audi Genuine Accessory Tow Bar. Towing capacity figures are maximum figures and actual towing capacity depends on factors including the laden mass of the vehicle, driving conditions and fitment of any accessories. Audi does not endorse or will not be held liable for any claim, loss or damage arising from the use or fitment of electronic trailer brakes.

1 Unladen vehicle weight includes driver (75kg), calculated in accordance with the current version of Directive 92/21/EEC. Optional equipment may increase the car’s unladen weight and drag coefficient, whereupon the possible payload limit and/or the top speed will be reduced accordingly.

2 The charging capacity depends on the type of mains connection plug, country-specific voltage, number of available phases of the power grid, and customer-specific house installation. It can therefore be reduced on an individual basis. The power supply cable with an industrial plug and the operating unit of the charging system are matched to each other and allow a certain charging capacity. Changing the power supply cable later to another industrial plug is technically possible, but this may lead to a lower charging performance.

3 Audi driver assistance systems work only within system limits and are intended to assist the driver. The driver remains responsible for driving the vehicle and is required to remain attentive at all times.

4 Audi connect *plus* Navigation & Infotainment services. These services are provided through a SIM card permanently installed in the vehicle. The costs of calls and data connections are included in the price of the services. Audi connect plus services are valid for 3 years after vehicle delivery. Emergency call and Audi Service Request are valid for 10 years after vehicle delivery. If Audi connect plus services are based on services from third-party providers, permanent availability cannot be guaranteed as this is the responsibility of the third-party provider.

5 Audi connect *plus* Security & Assistance services. These services are provided through a SIM card permanently installed in the vehicle. The costs of calls and data connections are included in the price of the services. The services provided by Audi are only available within the coverage of the mobile phone network. The services are generally provided for at least 1 year and up to 3 years from vehicle delivery. The emergency call service is provided for up to 10 years from vehicle delivery.

6 Please check with your Audi dealer for approved telephones that have been tested by Audi for compatibility.

7 Digital radio reception coverage dependent on vehicle location.

8 MMI navigation functional features may differ or not be available for the Australian market. Please refer to your Audi dealer for up-to-date information.

9 1 year subscription applies to public charging stations directly hosted on the Chargefox Network (indirectly hosted stations are excluded from this offer). The subscription services are provided by Chargefox. Registration with Chargefox is required to receive these services, accordingly your use of the Chargefox Network is subject to Chargefox’s standard terms and conditions (<https://www.chargefox.com/legal/terms-conditions>). The 1-year Chargefox subscription begins from the vehicle’s first registration date. Terms, conditions and exclusions apply.

10 Leather appointed seats have a combination of genuine and artificial leather, but are not wholly leather.

Vehicle pictured is an overseas Q6 e-tron performance with optional equipment. Local specifications may vary.
