BYD ATTO 2

BYD ATTO 2

BYD ATTO 2: Compact, connected crossover built for the city.

BYD ATTO 2 distils the brand's EV technology into a compact, more agile package. With impressive range, smart tech, and urban-friendly proportions, it's designed to make electric driving effortless.

Dimensions

Overall Length / Width / Height	4310 / 1830 / 1675 mm
Wheelbase	2620 mm
Minimum Turning Radius (M)	5.25
Minimum Boot Space (L)	380 L
Maximum Boot Space (L)	1,320 L

Technical Specifications	Dynamic	Premium
Drivetrain	Front-Wheel Drive	
Motor Type	Permanent magnet synchronous motor	
Power / Torque	130 KW / 290 Nm	
Battery Capacity (kWh)	51.3 kWh	
Driving Range WLTP (km)	345 km	
0–100 km/h	7.9 s	
AC Charging Time 0-100%	8.2 hours	
DC Charging Time 10-80%	38.6 minutes	
Front Suspension	MacPherson Strut suspension	
Rear Suspension	Torsion Beam suspension	
Kerb Weight (kg)	1, 555 kg	1,590 kg

Key Highlights

- Up to **345 km WLTP range** with rapid DC charging and Vehicle-To-Load (V2L) function
- Built on **BYD's e-Platform 3.0** with Blade Battery for safety and efficiency
- **DiLink infotainment** with Over-The-Air (OTA) updates
- **Advanced DiPilot** driver-assist suite as standard
