

WARRIOR

BY PREMCAR

NAVARA PRO-4X WARRIOR

MADE TO CONQUER AUSTRALIA'S MOST UNFORGIVING TERRAIN

A true warrior is forged in formidable conditions – and the Navara PRO-4X WARRIOR conversion by Premcar is no exception. Designed, engineered and tested in Australia by Premcar's highly skilled production team to take off-road capability to the next level.

Its specialised modifications are tailor-made for harsh Australian conditions, with improved capability from towbar to bullbar that ensures you can cross everything, climb anything and go anywhere.

The Navara PRO-4X WARRIOR conversion by Premcar writes a new chapter as the world's toughest WARRIOR, created for the world's most uncompromising drivers.

PRO-4X WARRIOR

PREMCAR – AT THE FOREFRONT OF AUTOMOTIVE ENGINEERING

The Navara PRO-4X WARRIOR is created by Premcar, a leading automotive engineering company, at its state-of-the-art facility in Epping, Victoria.

Established by Prodrive UK in 1996, Premcar is a renowned low volume vehicle manufacturer that meets or exceeds the toughest OEM standards. With a long and successful history at the forefront of vehicle re-engineering in Australia, Premcar's WARRIOR division were tasked with the challenge of improving the WARRIOR formula.

Premcar has built on the already-impressive Navara PRO-4X, enhancing its performance and capability with wheel, tyre and suspension modifications to deliver improved ground clearance, a wider stance and a better ride and handling across a broader range of conditions.

There's also increased capability via the winch-compatible bullbar, first and second stage underbody protection, a full-size spare wheel, modified towbar and a GVM upgrade to deliver outstanding payload and towing. The result is a WARRIOR that's tougher, safer and smarter, while also being more practical and capable than ever before.

DEVELOPED AND TESTED BY PREMCAR IN AUSTRALIA FOR AUSTRALIAN CONDITIONS

From deserts to mountains, forests and beaches – our country's diverse terrain is waiting for you to explore it all.

Improvements to the Navara PRO-4X include a suspension lift, increased track width and higher ground clearance for better off-road performance and capability, and there's a whole lot more to discover.

WHEELS AND TYRES

The Cooper Discoverer All Terrain tyres were specifically chosen to deliver improved off-road capability whilst maintaining on-road noise, vibration and harshness characteristics in all conditions.

These tyres feature a more aggressive off-road focused tread pattern setup for 70% road and sand, 30% dirt and mud. The towbar has been redesigned to support the increased ride height and to accommodate the full-size spare wheel and tyre, to ensure you are never compromised on or off-road.

Matched with the unique WARRIOR 17" wheel, the Navara PRO-4X WARRIOR supports a wider track, increased from 1,570mm to 1,600mm to deliver better handling, cornering, capability and stability both on and off-road.

SUSPENSION AND TRACK WIDTH

The WARRIOR suspension package incorporates a number of updates to the suspension that not only deliver an increased ride height, but make this vehicle unique to Australia.

Premcar have taken Navara's already impressive suspension system and increased its capability:

- Revised and retuned suspension featuring new springs for more front-end support and less body roll
- Revised front and rear damping for better compliance, improved isolation from impacts and reduced float when towing or carrying a load
- New larger, taller jounce bumper for better control of wheel movement at maximum suspension travel, and reduced transmission of large impacts into cabin

A 40mm total suspension lift (including wheels and tyres) delivers a higher ground clearance and a tougher presence on the road. More importantly, this also improves the driving experience, delivering more control off-road, improved handling and more stability in both laden and unladen conditions.

EXTERIOR

TOUGH LOOKS WITH INCREASED RIDE HEIGHT AND WIDER STANCE

It's not just the suspension and capability that have been beefed up. The Navara PRO-4X WARRIOR by Premcar is taller, wider, longer and tougher than the standard Navara PRO-4X. The WARRIOR's tough looks match its capability. It's ready for action.

The result of the enhancements means the Navara PRO-4X WARRIOR sits higher, wider and with more authority. It has a distinctive, athletic look contrasted with black exterior details including fender flares, vivid red accents and unique WARRIOR decals.

BULLBAR WITH INTEGRATED LED LIGHT BAR

A body-coloured, hoopless, safari-style steel bullbar with winch compatibility creates an iconic WARRIOR look. With a built-in 470mm 16-LED lightbar that lets you see – and be seen – in all light conditions.

UNDERBODY

A NAVARA stamped bash plate, plus 3mm steel second-stage protection plate, provide tough additional protection when off-road.

TYRES

275/70/R17 Cooper Discoverer All Terrain AT3 tyres with a 12.7mm tread depth. Premcar engineers selected these tyres for their outstanding on and off-road performance, including minimal road noise and tread pattern setup for 70% road and sand, 30% dirt and mud.

SUSPENSION AND TRACK WIDTH

A 40mm total suspension lift enables increased ground clearance for improved off-road capability. Suspension has been tuned to provide optimum performance, with new front and rear springs, dampers and jounce bumpers. Track width has increased from 1,570mm to 1,600mm, improving handling, cornering and stability.

INSATIABLE LOAD CAPACITY

The Navara PRO-4X WARRIOR's 100kg GVM[∞] upgrade helps support its impressive payload of 952kg[^].

TOWBAR

Re-designed rear towbar^{*} including cross member, tongue and harness enabling 3.5 tonnes braked towing capacity[^] as well as a full-size spare wheel and tyre.

[∞] GVM = Gross Vehicle Mass. GVM is the maximum laden mass of a motor vehicle.

[~] Payload is the GVM minus the Kerb mass. The kerb mass does not include passengers, luggage, cargo, any accessories fitted or any towball download (as appropriate). Payload is distributed across both the front and rear axles, never exceed the GVM or the axle limits.

[^] Towing capacity is subject to towbar/towball capacity. The capacity may be reduced if a non-genuine towbar is fitted.

^{*} Towbar cross member and tongue only. Harness, Towball, Safety Chain and D Shackle remain customer cost options.

INTERIOR

THE WARRIOR WITHIN

The Navara PRO-4X WARRIOR by Premcar is a warrior on the inside, too. Premcar changes to the chassis and suspension make potentially punishing drives off the beaten track easier to handle. The cabin provides spacious seating for five mates – big or small – with premium hard-wearing leather-accented** seating, finished off with WARRIOR embroidered headrests.

The Navara PRO-4X WARRIOR by Premcar is built on the standard Navara PRO-4X. The Navara PRO-4X comes already equipped with a 7-inch Advanced Drive-Assist instrument cluster display, along with high-contrast 8.0-inch touchscreen display with Apple CarPlay®^ and Android Auto™^ connectivity for seamless integration with your smartphone, so your music can get you ready to tackle the toughest terrain.

You can't control the weather outside, but you can master your own microclimate in the WARRIOR with dual zone climate control in the cabin, heated front seats, plus a rear window defroster and automatic rain-sensing wipers for your winter adventures. The UV and heat-rejecting windscreen helps you and your occupants stay comfortable in hot conditions too.

** Leather accented features and upholstery may contain synthetic material.
^ CarPlay is a registered trademark of Apple Inc. Android Auto is a trademark of Google LMC. Compatible device and USB connection required.

TECHNOLOGY

THE CLASS CHAMPION

Although the Navara PRO-4X WARRIOR conversion by Premcar demonstrates impressive performance and durability enhancements, the core Nissan technology hasn't been impacted.

The Navara PRO-4X WARRIOR by Premcar combines the full suite of Nissan Intelligent Mobility (NIM) technology standard to the Navara PRO-4X with off-road innovation to create a 360° safety shield that detects, warns and intervenes against potential risks.

A first in its class, the Navara PRO-4X features Blind Spot Warning and Intelligent Blind Spot Intervention. This incredible technology detects and alerts you to vehicles in your blind spot, and actively guides you back into your lane to help prevent collision if necessary.

In the PRO-4X, the drive Mode Selector allows you to easily switch between four driving modes including Sport, Off-road, Towing and Normal to get the power you need, when you need it.

Off-road, Hill Descent Control and Hill Start Assist adjusts speed on steep grades, while the Off-Road Monitor gives a clear view of each wheel when navigating difficult terrain. Even as daylight fades, the Navara PRO-4X WARRIOR can continue its trek with High Beam Assist automatically brightening and dimming the path ahead.

OWNERSHIP

SERVICING, WARRANTY & REPAIR

To ensure a hassle-free purchase and ownership experience with your Navara PRO-4X WARRIOR by Premcar, servicing, warranty and repairs can call be undertaken for your convenience by your Nissan Dealership.

Servicing is covered by Nissan's Flat Price Service program⁺⁺, with the Navara WARRIOR also backed by a comprehensive five-year, unlimited-kilometre warranty covering all Nissan and Premcar parts[†]. Nissan's comprehensive five-year factory warranty applies to all manufacturer components.

Additionally, when you service your Navara WARRIOR with Nissan, you're entitled to the NISSAN MORE Plan, which provides up to 10 years or 300,000km (whichever comes first) of Warranty^{**}. This ensures even greater peace of mind and support throughout your ownership journey.

Simply contact your Nissan Australia Dealership when it's time for a service, or if you have a warranty query, and Nissan's service team will take care of the rest.

⁺⁺ Ask your Nissan Dealer to explain exactly what items are covered in each Scheduled Service. Applies for the first 5 services or 5 years, whichever occurs first. Some exclusions apply. Ask your Nissan Dealer or view full terms at [Nissan.com.au/service](https://nissan.com.au/service)

[†] Warranty operates in addition to your rights under the Australian Consumer Law. See nissan.com.au/warranty for terms and conditions

^{**} Where vehicle is not serviced through Nissan or ceases to be serviced at Nissan, additional years will not be added so 10 year/300,000km warranty (whichever occurs first) may not apply. Warranty protection will remain 5 year/unlimited km warranty, plus any additional service activated years added under the service activated program. Conditions apply. Full terms at [Nissan.com.au/warranty](https://nissan.com.au/warranty)

SPECS AND EQUIPMENT
AT A GLANCE

THE ULTIMATE
OFF-ROAD UTE

The WARRIOR by Premcar features the impressive powertrain, technology, safety equipment and refinement of the Navara PRO-4X, with upgrades of capability, style, equipment and technology that make it truly formidable both off-road and on paper for your weekend adventures.

WARRIOR GRADES AVAILABLE:

PRO-4X WARRIOR

POWERTRAIN OPTIONS

Available with a 2.3L twin turbo diesel engine with 140kW & 450Nm:

DUAL CAB PICKUP 4WD 7AT

PRO-4X WARRIOR FEATURES

CAPABILITY

- Unique WARRIOR 17" black alloy wheels with Cooper Discoverer AT3 tyres
- 40mm suspension lift (including wheels and tyres, vs. PRO-4X) and tune including WARRIOR specific painted springs, dampers and jounce bumpers
- Winch-compatible body-coloured bullbar with red powder-coated NAVARA bashplate and integrated LED light bar
- Redesigned and re-engineered towbar* to accommodate the increased ride height and full-size spare wheel and tyre
- Improved approach angle of 36 degrees (+4 degrees vs. PRO-4X)
- Additional 3mm steel plate second-stage underbody protection
- 30mm wider wheel track vs. PRO-4X – total track width 1,600mm
- 100kg GVM~ upgrade and 952kg payload~
- 3,500kg max braked towing capacity^

STYLING

- Black fender flares with bullbar finisher
- Unique PRO-4X WARRIOR decal package
- PRO-4X WARRIOR logo headrest embroidery
- Black stainless steel double tube sports bar with sail panel fitted
- NAVARA tailgate stamping
- Black side steps and roof rails
- Leather-accented** PRO-4X seat trim

COMFORT AND CONVENIENCE

- Up to 10 years / 300,000km (whichever comes first) warranty when servicing with Nissan†
- Intelligent Key™ with remote keyless entry with push button engine start
- 8.0" colour touchscreen with Apple CarPlay® ^^ and Android Auto™ ^^
- Air-conditioning with dual zone climate control
- Privacy glass with rear power sliding window
- Cruise control
- Tubliner with 2 channel Utili-Track™ system
- Heated front seats
- 8-way driver seat with power slide/recline/height adjustment & lumbar support

SAFETY

- Reversing camera and parking sensors
- Around View® Monitor with Moving Object Detection (MOD)
- 7 SRS airbags (front, side seat, side curtain, driver knee)
- Intelligent Forward Collision Warning (IFCW)
- Intelligent Emergency Braking (IEB)
- Intelligent Driver Alert (IDA)
- Lane Departure Warning (LDW)
- Intelligent Lane Intervention (ILI)
- Blind Spot Warning (BSW)
- Intelligent Blind Spot Intervention (IBSI)
- Rear Cross Traffic Alert (RCTA)
- Tyre Pressure Monitoring System (TPMS)
