Specifications	
Type (Turbo Diesel mHawk) Euro 6 b	Diesel mHawk - Common Rail Direct Injection Technology [#]
Capacity	2.2 L
Max Power	129 kW @ 3500 r/min
Max Torque	400 Nm @ 1750-2750 r/min (AT)
Transmission Type	6 Speed AT

[#]With Euro 6 b Emission norms requires regular top up of DEF

Colours		
		
Deep Forest	Everest White	Napoli Black

4XPLO ^R - Intelligent 4x4 System With Selectable Terrain Modes
This intelligent terrain management technology optimises traction for snow, sand, mud or the road and helps you stamp your authority on every terrain.

Level 2 ADAS (Advanced Driver Assistance Systems)

	Auto Emergency Braking	Detects vehicles, cyclist, and pedestrians ahead, and automatically applies brakes to help prevent or reduce the impact of a potential collision.
	Forward Collision Warning	Warns you of imminent collision with vehicles, pedestrians.
	Front Vehicle Start Alert	When a stationary vehicle in front starts moving, FVSA alerts the driver with a pop-up in the cluster along with a chime and haptic vibration in steering.
	Adaptive Cruise Control	Automatically maintains a safe distance by matching the speed of the vehicle ahead, ensuring smoother drives in both city and highway conditions.
	Highbeam Assist	Adapt your car's headlights to oncoming and ongoing traffic. The vehicle temporarily switches its headlights to low-beam in case of on-coming and ongoing traffic
	Lane Departure Warning	The Lane Departure Warning system offers visual, audio and haptic alerts to the driver whenever the car exits its lane on either side.
	Smart Pilot Assist	Employs a virtual smart pilot to the charge of steering, accelerations, and braking to help the driver to keep the vehicle in the centre of the traffic lane.
	Speed Limit Assist	When a speed limit sign is detected, SLA function warns the driver with a blinking telltale if vehicle is over speeding.
	Lane Keep Assist	Lane Keep Assist system adjusts steering to keep the vehicle within its lane if the system determines an unintentional departure from the driver's side.
