

F-150

2023MY

Ford

LARIAT shown in Rapid Red with 6.5-foot styleside box option. Lower daytime running lamps and side mirror integrated indicator lamps are not operational.

An icon returns

The truck of your dreams can soon be a reality.

The new F-150 provides exceptional towing capabilities, high-strength military-grade aluminium-alloy body, state-of-the-art technologies and advanced driver assistance features, all backed by a 5 Year Unlimited Kilometre warranty!

XLT shown in Antimatter Blue with 6.5-foot styleside box option. Rear centre high mounted white courtesy lamps, tailgate courtesy lamp and side mirror integrated indicator lamps are not operational. LARIAT shown in Rapid Red. Lower daytime running lamps are not operational.

Big on capability

Lower daytime running lamps not operational.

Tough Bed™ spray-in bedliner

Helps to protect your F-150's truck bed and tailgate against scratches, dents and paint damage. This feature helps prevent cargo from shifting while driving, yet makes loading and unloading the tub easier.

Interior work surface²

With the push of a button when parked, stow the shifter² and a table can unfold directly from the centre console, providing a place to sign documents, grab a quick lunch break or a work surface for your laptop.

Under seat storage

Keep your valuable cargo close at hand, yet out of sight, with the generous hidden storage area under F-150's rear seat. LARIAT includes a partitioned lockable, fold-flat storage compartment for greater cargo organisation.

BoxLink™ with premium locking cleats

Securely tie down cargo in the truck bed using the four flexible and configurable tie down cleats located in the F-150 tub.

Tailgate with flexible step & work surface

The tailgate is designed as a work surface, with functional tools like dual rulers, clamp pockets, mobile holder, cupholder, tie downs and a utility tray for small parts. The integrated tailgate step makes accessing the bed of your truck easier. LARIAT's power tailgate lets you automatically lift and lower your tailgate, using your key fob.

During local engineering and development, F-150 has undergone unrelenting testing from -40° to +50° Celsius temperatures, trailer towing, mud, ultra-fine sand, water crossings, durability and corrosion tests to ensure durability and quality.

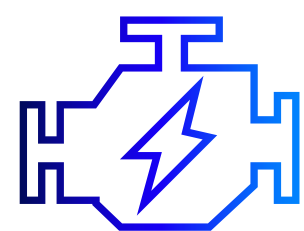

Built Ford Tough isn't just a slogan – it's a symbol of excellence.

Serious pulling power

Effortlessly tow your boat, quad bikes, caravan or horse float with up to 4.5 tonne towing capacity³ F-150 was born to tow!

4.5 tonne towing capacity³

3.5L EcoBoost V6

Handle big loads with Ford's high tech, 24-valve 3.5L EcoBoost twin turbo V6 engine, coupled with the advanced 10-speed transmission, delivering in overseas testing an effortless 298kW⁴ of power and 678Nm⁴ of torque.

4x4 System

XLT's Electronic Shift-On-The-Fly 4x4 system allows you to select different 4WD modes depending on your driving conditions, ensuring you can choose efficiency when you need it or increased power or grip when the situation calls for it. LARIAT's Full-time 4WD system, with automatic On-Demand engagement, continually monitors road conditions for optimal traction.

Room to carry it all

Whether for work or play, F-150 can handle larger loads with the increased flexibility of the 6.5-foot styleside box option.⁵ Helping you to carry longer tools and materials with ease and all the gear you need for an amazing weekend away.

6.5-foot styleside box option shown. Rear centre high mounted white courtesy lamps, tailgate courtesy lamp and side mirror integrated indicator lamps are not operational.

Big on driver assistance

Intelligent Adaptive Cruise Control with Stop & Go and Lane Centering⁶

Standard on LARIAT, once you have activated the Traffic Sign Recognition feature and set your preferred speed, the system can detect and automatically adjust to speed limit signs, slow down according to traffic flow, and even come to a complete stop according to traffic conditions and then return to your set cruising speed once traffic clears. The Lane Centering feature scans lane markings to autonomously help keep your vehicle centered between the lane markings.

360-Degree Camera⁷

Standard on LARIAT, the 360-Degree Camera offers a bird's-eye top-down view around your vehicle, making it easier than ever to navigate tight spaces and crowded parking lots.

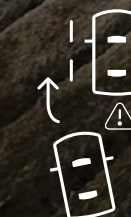

Pre-Collision Assist with Autonomous Emergency Braking (AEB)⁸

F-150 can alert you to a potential collision with a vehicle, cyclist or pedestrian in front of you and also while turning at intersections. If you don't take corrective action, the brakes will apply automatically.

Blind Spot Information System with Cross Traffic Alert & Trailer Coverage⁹

This feature helps you change lanes, alerts you when a vehicle enters the blind spot zone and will even resist the lane change if the driver misses the warning. Fill in your trailer information and you will also be alerted when a vehicle is alongside your trailer. F-150 also comes with Cross-Traffic Alert which helps detect traffic approaching from the sides when slowly backing out of a parking spot or driveway.

Evasive Steer Assist⁷

Standard on LARIAT, Pre-collision Assist with Autonomous Emergency Braking (AEB)⁸ determines if the distance is too short to brake in time to avoid a collision, your F-150 will provide steering support (without steering for you) to help you avoid the obstacle.

Reverse Brake Assist¹⁰

Your F-150 can detect if there is an object or pedestrian behind you or a vehicle about to cross at the rear. It will sound an alert and, if you don't react in time, brake for you.

6 Airbags

F-150 comes with 6 airbags standard including driver & front passenger, driver & front passenger seat mounted side and safety canopy side curtains, providing extra protection from side impacts.

LARIAT shown in Rapid Red with 6.5-foot styleside box option. Lower daytime running lamps and side mirror integrated indicator lamps are not operational.

F-150 lets you experience a whole new world of connectivity, with wireless charging¹¹ on LARIAT, and the interactive SYNC[®] 4 infotainment system.

SYNC[®] 4¹²

Everything you need is at your command with this interactive in-vehicle communication and entertainment system, featuring voice recognition and 8-inch or 12-inch touchscreen. Use voice commands to look up destinations, make phone calls or listen to messages. Connect your compatible smartphone with Apple CarPlay[™] & Android Auto[™]¹³ for hands-free control of your favourite apps.

Digital Instrument Cluster

XLT's 8-inch and LARIAT's 12-inch colour, configurable Digital Instrument Cluster provides more information and greater access to the right vehicle data when you need it. Configure the cluster your way by toggling through screen options via the steering wheel controls.

Reverse your trailer like a pro

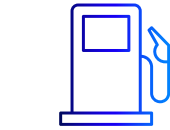

Pro Trailer Backup Assist[™]¹⁴ makes reversing with a trailer as easy as turning a dial. After entering a few measurements into the system, the camera then tracks the trailer position. Simply rotate the dial in the direction you want the trailer to go and the system controls the steering wheel.

F-150 connects with you

Every F-150 comes fitted with an embedded modem known as FordPass¹⁶ Connect.

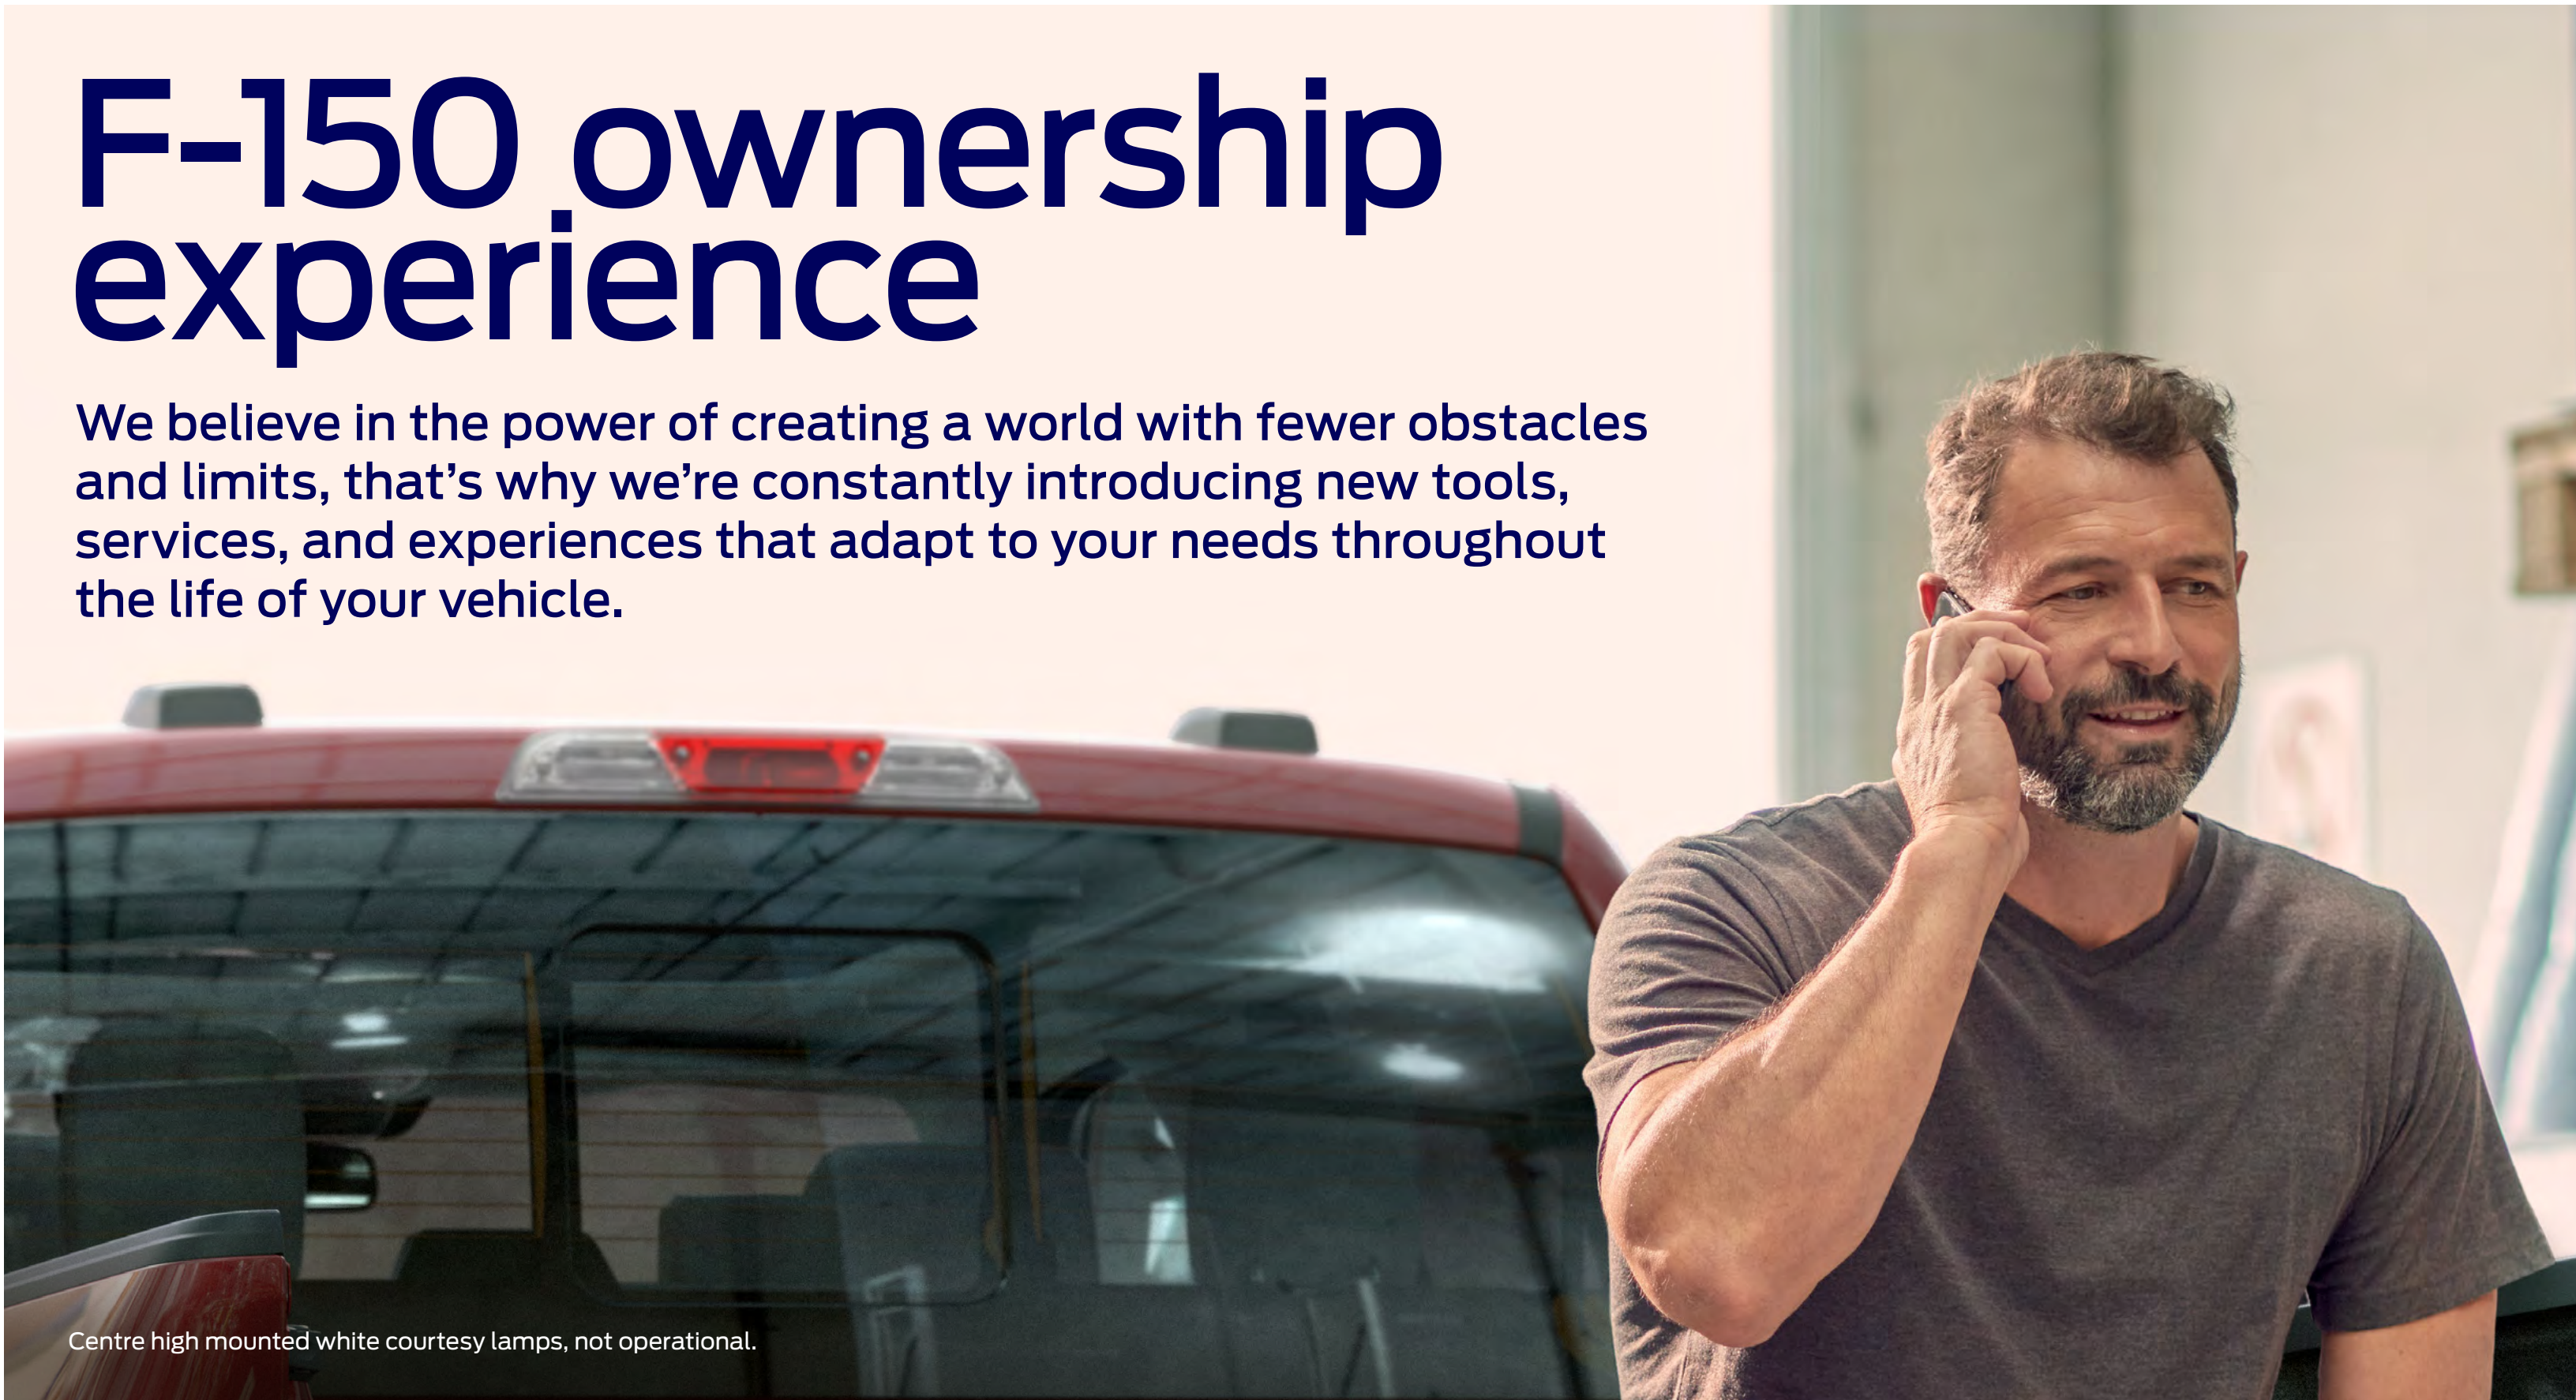

Once activated, using the FordPass App on your smartphone you can locate your vehicle, lock and unlock the doors, perform a trailer light check,¹⁷ receive trailer theft alerts and even start the engine remotely.

-  Remote start to heat or cool cabin to last known setting
-  Receive Health Alerts or check Vehicle Status
-  Check your fuel level and tyre pressure remotely

F-150 ownership experience

We believe in the power of creating a world with fewer obstacles and limits, that's why we're constantly introducing new tools, services, and experiences that adapt to your needs throughout the life of your vehicle.

Centre high mounted white courtesy lamps, not operational.

When you service at a Ford Dealer with our factory trained technicians, your peace of mind is our top priority. Ford Dealers use Genuine Ford Parts made for your vehicle (where possible) and provide you with a vehicle health report, so you know your vehicle is being maintained the way it should.

Roadside Assistance¹⁸

Enjoy Ford National Roadside Assistance with your F-150 purchase until your vehicle reaches 7 years of age, available each time a General Service is completed by a participating Ford Dealer. Retail Customers also receive Auto Club Lifestyle Membership.

Online Service Booking

Booking a service for your vehicle at a time that's convenient for you has never been easier. Customers can easily book a scheduled service with their local Ford Dealer online or via the Ford Pass¹⁶ App.

Service Loan Car¹⁹

So you can stay on the road when you're getting your car serviced, you can take advantage of the Ford Service Loan Car program.

Smart Oil Servicing

The Intelligent Oil Life Monitor is a smart system that measures the performance of your vehicle's oil and alerts you that the oil needs changing via the FordPass¹⁶ App.

Discover the full range of Ford service benefits by visiting ford.com.au/owners/service

Intelligent Oil Life Monitor (IOLM)

Ford Insure²⁰

Ford Genuine Parts maintain the integrity of your car by ensuring it performs the way it's meant to.

It's the same with genuine Ford Insure. Because it's made specifically for your Ford, it offers these key features to restore your car to how it was before the accident:

3 Year New for Old Replacement²¹

If your Ford is beyond repair and less than 3 years old, we'll replace it with a new one

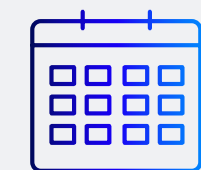

New Genuine Parts²²

We look after the integrity of your Ford by only using New Genuine Parts, when possible

Choice of Repairer²³

You can choose the repairer that suits you best, because we're all about offering you flexibility

Monthly Payment at No Extra Cost²⁴

We offer easy monthly repayments at no extra cost

For more information, visit ford.com.au/owners/insurance

Contact us

If you have any questions or concerns, please contact our Customer Relationship Centre on 13 FORD (13 3673) or email foacust1@ford.com

Discover more at ford.com.au

1. Warranty conditions apply. 5 year/unlimited km Ford Express New Vehicle Warranty applies to new and demonstrator vehicles. Our goods come with consumer guarantees that cannot be excluded under the Australian Consumer Law. Our warranty does not limit and may not exceed your rights under those guarantees.

2. Floor shifter available on LARIAT model only. Interior work surface standard on XLT and LARIAT models.

3. Maximum towing capacity braked using a Genuine Ford tow pack. Subject to State and Territory regulations. To comply with regulations and vehicle GCM and GVM limits, the weight of any load transported by the vehicle may need to be restricted. For further details regarding load weight restrictions, please consult your authorised Ford Dealer and refer to the Owner's Manual.

4. Overseas model power & torque figures, tested to SAE J1349 standards.

5. 6.5-foot box is a factory option that can be ordered before a vehicle is manufactured at an additional cost.

6. Available on LARIAT model only. Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. Intelligent Adaptive Cruise Control (iACC) uses various data to adjust the set speed of the vehicle to the speed limit detected by the system. The iACC system will not always detect the correct speed limit and may set a vehicle speed that is above or below the actual speed limit. If the system does this, it can be overridden by the driver applying the brake or accelerator or via steering wheel controls. In some circumstances, iACC will use map data to set the vehicle speed. Ford recommends keeping map data updated by fully activating the vehicle's FordPass Connect modem and enabling Connected Navigation Services. Connected Navigation Services are included for 1 year from the Ford Express New Vehicle Warranty start date and available ongoing subject to payment of a subscription fee. Adaptive Cruise Control and Lane Centring has a minimum operating speed of 20km/hr. Detection of lower speed limit will result in system entering standby when iACC is active. The Stop and Go functionality of this system operates as low as 0km/hr in traffic jam situations. Lane Centring feature should be disabled via the Driver Assistance menu in SYNC before towing. Customers should read the Owner's Manual for details of the limitations of the iACC system before activating.

7. Available on LARIAT model only. Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for more information.

8. Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. Please see Owner's Manual for more information. Pre-collision Assist with Automatic Emergency Braking detects pedestrians, but not in all conditions, and can help avoid or reduce a collision. It does not replace safe driving. Intersection Assist does not detect all vehicles in intersection, pedestrians or cyclists. It does not replace safe driving. See Owner's Manual for Limitations.

9. Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for more information. Trailer Coverage system supports conventional trailer dimensions: up to 2.6m wide (measured at trailer front) and up to 10m long from the rear of your vehicle. Drivers will need to create a profile of their trailers in SYNC to support this system.

Running a fleet?

Our Ford Fleet team is here to assist you in any way we can. Please email askfleet@ford.com

10. Driver-assist features are supplemental and do not replace the driver's attention, judgement and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. Please see Owner's Manual for more information. Reverse Brake Assist functions when in reverse and travelling at a speed of 2-12 km/h.

11. Wireless Charging only available with compatible phones. Available on LARIAT model only.

12. Don't drive distracted. Use voice operated systems where possible and don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all SYNC features are compatible with all phones. SYNC screen appearance and functionality may change over time due to software updates.

13. Apple CarPlay / Android Auto requires phone with compatible version of Apple iOS / Android™ (as applicable), active data service, and connection cable (sold separately). SYNC® does not control Apple CarPlay/Android Auto while in use. Apple/Google and other third parties are responsible for their respective functionality. Message and data rates may apply. Apple CarPlay, Siri Eyes Free, iPod and iPhone are trademarks of Apple Inc. registered in the US and other countries. Android Auto and Google Maps are trademarks of Google Inc. Ford Applink® is available on selected SYNC® models and is compatible with select smartphone platforms. Warning: Local laws prohibit some phone functions while driving. Check your local road rules before using these functions.

14. Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for more information.

15. Available on LARIAT model only. BANG & OLUFSEN© 2024 and B&O© 2024. BANG & OLUFSEN™ and B&O™ are registered trademarks of Bang & Olufsen Group. Licensed by Harman Becker Automotive System Manufacturing Kft. All rights reserved.

16. Use of FordPass is subject to the FordPass Terms and Privacy Policy available on ford.com.au/fordpass and requires a compatible mobile device, internet access and software (including software updates from time to time). FordPass functionality and appearance may change over time due to software updates. You are responsible for internet access, mobile network data and voice call services required for your use of the FordPass App on your mobile device, including associated fees. The FordPass App and FordPass Connect modem can only work when both are connected to the telecommunications network. The FordPass Connect modem will only function on the 3G or 4G telecommunications networks. When these networks are no longer available, the modem will stop functioning and the connected services and all data transmission via the modem will cease. Ford cannot guarantee that FordPass will be in fully operating condition at all times and the FordPass App may be unavailable or particular FordPass services interrupted. Ford is not responsible for any limitations or restrictions of the telecommunications network or of your mobile device. Warning: Local laws prohibit some phone functions while driving. Check your local road rules before using these functions. Use Remote Vehicle Start and Stop (available on LARIAT model only) responsibly and only in well ventilated areas where you are aware of your vehicle's surroundings.

17. Trailer Light Check requires a Genuine Ford Tow Bar to be fitted and can be used via SYNC, or via FordPass app as a Connected Service. Where used via the app as a Connected Service, eligible vehicles receive 1 year of service from the Ford Express New Vehicle Warranty start date after which time, the Connected Service may cease to be available, or may be subject to a subscription fee. Users must have created a FordPass App account (terms apply) and have fully activated the vehicle's FordPass Connect modem to use this feature via the app.

18. Available to Private and Blue Business Fleet customers with vehicles up to 7 years old from date of first vehicle registration. Roadside Assistance and Auto Club Lifestyle Membership is included for 12 months or until your next eligible standard service (whichever occurs first) at a Ford Dealership. Customers must comply with scheduled servicing intervals to maintain continuity of membership. See www.ford.com.au/service/owners/t-and-c for full terms.

19. Available at participating dealers on scheduled services or overnight warranty repairs. Private and Blue, Silver and Gold Business Fleet customers only. Provision of a Service Loan Car may be dependent on advanced booking and availability. See www.ford.com.au/service/t-and-c for full terms.

20. While all reasonable skill and care has been taken in preparation of this it should not be construed or relied upon as a substitute for specific advice on your insurance needs. The advice is not based on your personal objectives, financial situation or needs. Accordingly, you should consider how appropriate the advice is to those objectives, financial situation and needs before acting on the advice and, before buying the product, you should read the current Product Disclosure Statement (PDS) and Target Market Determination (TMD) prepared by the insurer, HDI Global Specialty SE – Australia, ABN 58 129 395 544, AFSL 458776 ("HDI"). Both the PDS and the product TMD are available at wtwtco.com/fordinsure. WTW receives commission benefits from the insurer. These fees and commission are disclosed in the WTW FSG and relevant client documentation. This insurance product is arranged by Ford Motor Company of Australia Pty Limited ABN 30 004 116 223 ("Ford Australia") or a participating Ford Dealer acting as a distributor of WTW for this product. In arranging this insurance, Ford Australia and participating Ford Dealers act on behalf of WTW and not as your agent. You should review and understand the WTW FSG. If you purchase this insurance Ford Australia and your participating Ford Dealer will receive a commission from WTW. For further information or assistance please go to www.wtwtco.com/fordinsure or call us on 13 FORD (3673). WTW are acting as agent of HDI Global Specialty SE- Australia under a binding authority agreement.

21. If your new vehicle is within 3 years of the first registration and is involved in a claim that is assessed a Total Loss, it may be replaced with a new vehicle of the same make and model, where a replacement vehicle is available. If the same make and model is not available, the Insurer may replace your vehicle with the nearest equivalent or suitable replacement. Refer to the Ford Insure PDS for full details.

22. Some insurance companies may use repairers that could use non genuine parts to repair your vehicle. If your claim is accepted the insurer will use Genuine Parts when available. If not available, the insurer may use genuine reconditioned or recycled parts or ADR certified new, recycled or reconditioned parts. Refer to the Ford Insure PDS for full details.

23. The Insurer may authorise repairs at your repairer of choice; pay you the reasonable costs of repairing your vehicle; or move your vehicle to another repairer that is agreed upon. Refer to the Ford Insure PDS for full details.

24. Premiums are payable annually or monthly, subject to minor adjustments (upwards or downwards) due to rounding and financial institution transaction fees apply. Refer to the Ford Insure PDS for full details.

Some features may be impacted by the removal of the standard load box fitted to the vehicle.

Disclaimer:

1. Overseas model power & torque figures, tested to SAE J1349 standards. 2. Driver-assist features are supplemental and do not replace the driver’s attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner’s Manual for more information. 3. Fuel consumption and emissions as per ADR81/02 (combined cycle) and to be used for vehicle comparison purposes only. It is unlikely that these fuel consumption and emissions figures will be achieved in real world driving conditions. Actual fuel consumption and emissions will depend on many factors including the driver’s habits, prevailing conditions and the vehicle’s equipment, options and accessories, condition and use. 4. Subject to State and Territory regulations. Kerb Weight includes the vehicle with a full tank of fuel, without occupants, luggage or cargo and with the heaviest possible combination of factory fitted optional equipment included. Payload is is calculated by deducting the vehicle’s Kerb Weight from its Gross Vehicle Mass (GVM). Payload (based on Kerb Weight) is the maximum combined value of occupants, cargo, added accessories, added structures and tow ball download (when towing). Vehicle weights are approximate and subject to individual variances. Vehicles should be weighed before and after adding additional load, accessories or towing a trailer to ensure the maximum Gross Vehicle Mass (GVM), Gross Combined Mass (GCM) and Gross Axle Weight Ratings are not exceeded. 5. Vehicle dimensions are approximate and subject to individual vehicle variances, and should be confirmed before fitting any accessories or otherwise relying on this value. All Pick-up box dimensions take into account the spray-in bedliner.

Disclaimer:

6. Wireless Charging only available with compatible phones. 7. Apple CarPlay / Android Auto requires phone with compatible version of Apple iOS / Android™ (as applicable), active data service, and connection cable (sold separately). SYNC® does not control Apple CarPlay/Android Auto while in use. Apple / Google and other third parties are responsible for their respective functionality. Message and data rates may apply. Apple CarPlay, Siri Eyes Free, iPod and iPhone are trademarks of Apple Inc. registered in the US and other countries. Android Auto and Google Maps are trademarks of Google Inc. Ford Applink® is available on selected SYNC® models and is compatible with select smartphone platforms. Warning: Local laws prohibit some phone functions while driving. Check your local road rules before using these functions. 8. Bluetooth® is a registered trademark of Bluetooth SIG, Inc. and is under license. Some phones not compatible. 9. BANG & OLUFSEN© 2024 and B&O© 2024. BANG & OLUFSEN™ and B&O™ are registered trademarks of Bang & Olufsen Group. Licensed by Harman Becker Automotive System Manufacturing Kft. All rights reserved. 10. Use of FordPass is subject to the FordPass Terms and Privacy Policy available on ford.com.au/fordpass and requires a compatible mobile device, internet access and software (including software updates from time to time). FordPass functionality and appearance may change over time due to software updates. You are responsible for internet access, mobile network data and voice call services required for your use of the FordPass App on your mobile device, including associated fees. The FordPass App and FordPass Connect modem can only work when both are connected to the telecommunications network. The FordPass Connect modem will only function on the 3G or 4G telecommunications networks. When these networks are no longer available, the modem will stop functioning and the connected services and all data transmission via the modem will cease. Ford cannot guarantee that FordPass will be in fully operating condition at all times and the FordPass App may be unavailable or particular FordPass services interrupted. Ford is not responsible for any limitations or restrictions of the telecommunications network or of your mobile device. Warning: Local laws prohibit some phone functions while driving. Check your local road rules before using these functions. Use Remote Vehicle Start and Stop (available on LARIAT model only) responsibly and only in well ventilated areas where you are aware of your vehicle's surroundings. 11. Eligible vehicles receive Connected Navigation Services for 1 year from the Ford Express New Vehicle Warranty start date, after which time the Connected Navigation Services may cease to be available, or may be subject to a subscription fee. To use Connected Navigation Services, users must have created a FordPass App account (terms apply), have fully activated the vehicle's FordPass Connect modem and have SYNC Location set to 'on'. 12. Don't drive distracted. Use voice operated systems where possible and don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all SYNC features are compatible with all phones. SYNC screen appearance and functionality may change over time due to software updates. 13. Emergency Assistance feature needs a paired and in range mobile phone. Can activate in the event of a crash which deploys an airbag or activates the fuel pump shut off.

Disclaimer:

14. Driver-assist features are supplemental and do not replace the driver’s attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner’s Manual for more information. Trailer Coverage system (requires a genuine factory fit tow bar) supports conventional trailer dimensions: up to 2.6 m wide (measured at trailer front) and up to 10m long from the rear of your vehicle. Drivers will need to create a profile of their trailers in SYNC to support this system. **15.** Driver-assist features are supplemental and do not replace the driver’s attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner’s Manual for more information. **16.** Driver-assist features are supplemental and do not replace the driver’s attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. Intelligent Adaptive Cruise Control (iACC) uses various data to adjust the set speed of the vehicle to the speed limit detected by the system. The iACC system will not always detect the correct speed limit and may set a vehicle speed that is above or below the actual speed limit. If the system does this, it can be overridden by the driver applying the brake or accelerator or via steering wheel controls. In some circumstances, iACC will use map data to set the vehicle speed. Ford recommends keeping map data updated by fully activating the vehicle’s FordPass Connect modem and enabling Connected Navigation Services. Connected Navigation Services are included for 1 year from the Ford Express New Vehicle Warranty start date and available ongoing subject to payment of a subscription fee. Adaptive Cruise Control and Lane Centring has a minimum operating speed of 20km/hr. Detection of lower speed limit will result in system entering standby when iACC is active. The Stop and Go functionality of this system operates as low as 0km/hr in traffic jam situations. Lane Centring feature should be disabled via the Driver Assistance menu in SYNC before towing. Customers should read the Owner’s Manual for details of the limitations of the iACC system before activating. **17.** Speed Sign Recognition will not always detect the correct speed limit and may display a speed that is above or below the actual speed limit. In some circumstances Speed Sign Recognition will use map data to display the speed limit on the digital instrument cluster. Ford recommends keeping map data updated by fully activating the vehicle’s FordPass Connect modem and enabling Connected Navigation Services. Connected Navigation Services are included for 1 year from the Ford Express New Vehicle Warranty start date and available ongoing subject to payment of a subscription fee. **18.** Driver-assist features are supplemental and do not replace the driver’s attention, judgement and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. Please see Owner’s Manual for more information. Reverse Brake Assist functions when in reverse and travelling at a speed of 2-12 km/h. **19.** Maximum towing capacity braked using a Genuine Ford tow pack. Subject to State and Territory regulations. To comply with regulations and vehicle GCM and GVM limits, the weight of any load transported by the vehicle may need to be restricted. For further details regarding load weight restrictions, please consult your authorised Ford Dealer and refer to the Owner’s Manual. **20.** Drivers will need to create a profile of their trailers in SYNC to support the Trailer Brake Controller and must set the gain on the Brake Controller unit. **21.** Trailer Light Check requires a Genuine Ford Tow Bar to be fitted and can be used via SYNC, or via FordPass app as a Connected Service. Where used via the app as a Connected Service, eligible vehicles receive 1 year of service from the Ford Express New Vehicle Warranty start date after which time, the Connected Service may cease to be available, or may be subject to a subscription fee. Users must have created a FordPass App account (terms apply) and have fully activated the vehicle’s FordPass Connect modem to use this feature via the app.

Important information:

This brochure is designed to provide you with a general introduction to the Ford products (including available optional equipment) referred to and should be read in conjunction with the latest specification sheet. Features, designs, materials, colours and other specifications may vary from those depicted. Because of changes in conditions and circumstances Ford reserves the right, subject to all applicable laws, at any time, at its discretion, and without notice, to discontinue or change the features, designs, materials, colours and other specifications and the prices of its products, and to either permanently or temporarily withdraw any such products from the market without incurring any liability to any prospective purchaser or purchasers. The latest specification sheet should be referred to for information on the availability, ordering and use of features and optional equipment. Always consult an authorised Ford Dealer for the latest information with respect to features, specifications, prices, optional equipment and availability before deciding to place an order.
