# Say hello to GWM.

**GWM is a world-renowned vehicle manufacturer. At GWM, everything we do is grounded in our corporate philosophy: 'improving little by little, every day.' From building world-class research and development systems, which enable continuous innovation, to following the 'excessive investment' principle, which drives industry leadership, we relentlessly put our philosophy into practice. We are proud to make vehicles that combine the best components, technology and safety features from around the world while producing attractive SUV's for customers who take their vehicles offroad and urban traveling with a certain level of luxury. TANK is our premium off-road SUV model series which has taken the world by storm as highly regarded as a comfortable yet capable 4x4. We attribute our success to passion, drive and a commitment to listening to our customers.**

The off-road  
just became  
more luxurious.

Imposing in appearance and powerful in performance, this grand 7 seater\* SUV is as majestic as you can get driving off the beaten track. But don't let its stately looks fool you. This is one formidable vehicle that unleashes a remarkable amount of horsepower when needed.

Every inch of this luxuriously appointed SUV has been meticulously considered just for you. On the outside it includes a magnificent and striking front grille, grand 18 inch alloy wheels and automatic Electric Side Steps\* which make entering and exiting the vehicle an indulgent delight. Hop inside and you're instantly met with sumptuous heated and ventilated Nappa leather accented\* seats that can be adjusted to your favourite driving positions, and a panoramic sunroof\* that lets you bring the outside in on every trip to reignite your passion for driving.

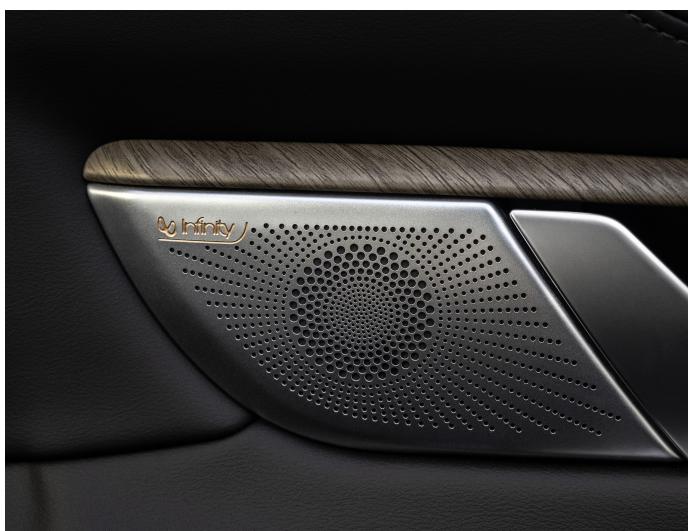

*Ultra PHEV variant only\**

# Inspired exterior. Lavish interior.

**14.6" infotainment screen**

**12 speaker Infinity™ sound system\***

*Ultra model only\**

*64 colour ambient lighting\**

Wireless charging port\*

**Two Tone Rims**

Available on Ultra Plug-in Hybrid variant only\*

**Multi function faux leather steering wheel**

# Purebred performance.

Powered by a direct-injection 2.0 litre turbo four-cylinder petrol-electric engine, with a combined power output of 300kW\* and 750Nm\* of torque, the Tank 500 has enough performance to accelerate from 0-100km/h in just 6.9 seconds\* (in the Plug-In Hybrid variant). Not bad for a vehicle that weighs a commanding 2820kg and has a max Braked Towing Capacity of 3 tonnes. Thanks to the GWM developed 9 speed Hybrid Automatic transmission and 9 all-terrain driving modes including Sports, Snow, Sand, Rock, and Expert, there's almost nowhere this vehicle can't go. And after years of intensive innovation and development, GWM's independently designed Dedicated Hybrid Technology (DHT) is now an all-round master in high-efficiency, high-performance hybrid solutions

*Ultra Plug-in Hybrid variant only\**

# High-tech for ultimate driving experience

In pursuit of excellence, the Tank 500 is the culmination of GWM's interior expertise and the very latest in advanced technologies. For starters, the large crystal clear 14.6 inch LED colour touchscreen lets you easily and efficiently experience your infotainment system on demand. The Infinity® 12-speaker sound system\* provides superior audio quality for your favourite playlists and podcasts. And the heads up display\* combines all vehicles data, speed, warning signals and navigation directions. The new Tank 500 Plug-In Hybrid also brings V2L technology providing power up to 6kW of external supply that lets you power just about anything from the car.

*Ultra and Vanta variants only\**

**Hi4T**

# Technology

GWM's Hi4-T (Hybrid Intelligent 4WD Technology) sits at the heart of our electrification roadmap. This advanced multi-mode petrol-electric hybrid system integrates a powerful turbocharged engine with a high-capacity lithium-ion battery, delivering outstanding efficiency, performance, and refinement. Designed for both city streets and rugged terrain, Hi4-T provides smooth, responsive take-offs, strong acceleration, and exceptional fuel savings - while ensuring minimal noise and maximum driving confidence.

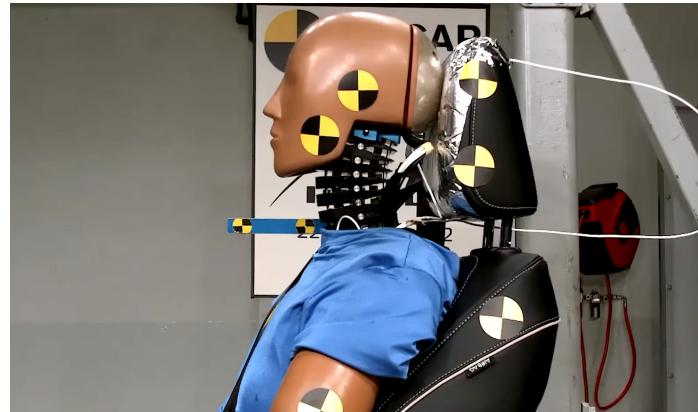

# Built to the safest standards.

\*ANCAP currently applicable to Hybrid models only.

ANCAP Safety test

ANCAP Safety test

This incredibly grand and luxurious SUV is also unbelievably safe. Having achieved the highest possible 5-star safety rating by ANCAP, the Tank 500 Hybrid comes with a comprehensive suite of active and passive safety systems designed to protect you and others on the road. Advanced safety features including Intelligent Adaptive Cruise Control, Rear Collision Warning, Emergency Lane Keep Assist, and Intelligent Parking Assist<sup>7</sup>, all combine to give you peace of mind knowing that GWM is looking out for you and everyone else around you.

# Protection from every angle.

The vehicle's smart active and passive safety technology including a 360-view camera, Auto Emergency Braking, Lane Departure Warning and Blind Spot Detection, will let you know who or what's in front, behind and either side of you every time you take the Tank 500 out for a drive.

# GWM Care

Every GWM comes with GWM Care. It begins from the moment you take delivery of your vehicle and continues long into the future. Wherever the road leads, you can rest assured knowing that your GWM will be kept at its best for many years to come.
