**X-TRAIL** Defy Ordinary

## Nissan X-TRAIL. Defy ordinary.

Introducing X-TRAIL, Nissan's mid-sized family adventure SUV, available with either e-POWER\* – a technology that goes beyond traditional hybrid powertrains for a smooth and quiet EV-like driving experience, or a traditional and efficient 2.5L petrol engine.

For superior control, choose e-POWER\* which includes the electric-drive four-wheel-control technology, e-4ORCE\*.

X-TRAIL is a spacious SUV with up to seven seats<sup>^</sup>, and everything you need to keep your family safe and comfortable with advanced Nissan Intelligent Mobility safety technologies. With cutting-edge connectivity to keep everyone entertained, X-TRAIL makes family friendly adventures a breeze.

\* Cover page: Up to 10 years or 300,000km (whichever occurs first), when servicing at authorised Nissan dealers. Full terms at [Nissan.com.au/warranty](http://Nissan.com.au/warranty).  
X-TRAIL Ti-L e-POWER model with 20" alloy wheels, premium paint and black painted roof shown throughout (unless otherwise stated).

\* Available on ST-L, Ti & Ti-L e-POWER models only.  
^ Available on 2.5L ST & ST-L 4x4 models only.

## Never compromise on style in the Nissan X-TRAIL

Get noticed wherever you go with sleek LED headlights, distinctive and imposing front air vents and robust, yet crafted lines. Up front, the unmistakable Nissan V-motion grille bears the familiar signature of Nissan's exciting design DNA, to show that this family crossover refuses to blend into the background.

## Close the door on the chaos outside

With three large interior display screens to supplement your drive, you're guaranteed to experience Nissan technology at its best.

Enjoy a 12.3" TFT Advanced Drive-Assist Display instrument cluster<sup>†</sup>, 12.3" touchscreen display and a 10.8" Head-Up Display<sup>‡</sup> as you settle into your comfortable, premium quilted Nappa leather-accented<sup>\*</sup> seats.

Wondering where to place your belongings? Don't miss the storage space beneath the floating centre console. Inside the X-TRAIL's cabin, it's all about quality details – the relaxing atmosphere of ambient lighting<sup>#</sup>, the soft feel of premium materials and the seamless convenience of wireless Apple CarPlay<sup>®</sup><sup>▲</sup>, wireless Android Auto<sup>™</sup><sup>▲</sup> and wireless smartphone charging<sup>°</sup>.

## Nissan e-POWER: The hybrid reinvented.

With e-POWER\*, pioneering doesn't have to pause. e-POWER\* is an innovative EV-like system which includes two electric motors, a petrol engine and a lithium-ion battery to achieve an EV-like driving experience. The result is almost instant acceleration response and a quiet driving sensation without the need to plug in or recharge. Just exhilarating and stress-free driving with no compromise on fuel economy.

Simplify your drive with e-Pedal Step<sup>^</sup>

Experience a more intuitive way to drive. e-Pedal Step<sup>^</sup> gives you the option to accelerate and decelerate effectively with just the accelerator pedal at speeds above 10km/h, leaving the brake pedal for harder braking or coming to a complete stop.

\* e-POWER is available on ST-L, Ti & Ti-L models only.

<sup>^</sup> e-Pedal Step may not be suitable under all driving conditions, correct operation is the responsibility of the driver. Available on e-POWER models only.

## Elevate your 4x4 experience with e-4ORCE

Adventures are not meant to have boundaries. Take on new terrains in confidence with Nissan X-TRAIL e-POWER's electric-drive four-wheel-control technology, e-4ORCE. e-4ORCE delivers the perfect balance between powerful and unprecedented control, with a smooth ride for all thanks to superior handling on any surface. Dial up the adventure even further with up to five selectable drive and terrain modes<sup>^</sup>, including Auto, Sport, Eco, Off-Road and Snow.

e-4ORCE is paired with e-POWER and available on ST-L, Ti & Ti-L models.

<sup>^</sup> 4x4 models only.

2.5L petrol engine offering excitement, without compromise

X-TRAIL is offered with a 2.5L four cylinder petrol engine with 135kW of power and 244Nm of torque. Available in standard front-wheel-drive or optional Intelligent 4x4\*, all models are fitted with a Continuously Variable Transmission along with steering wheel mounted paddle shifters to enhance your driving experience. 2.5L X-TRAIL models are capable of towing up to 2,000kg maximum braked towing capacity†.

\* Available on 4x4 models only.

† Towing capacity is subject to towbar/towball capacity and is based on the fitment of a Genuine Nissan towbar. Towing capacity figure described is a maximum figure. Actual towing capacity depends on the laden mass of the vehicle, driving conditions, fitment of any accessories or towing equipment limitations including the maximum towball download.

## Safety at heart

The Nissan X-TRAIL is equipped with advanced Nissan Intelligent Mobility technologies that combine to help you see more, sense more and can even step in to respond to potential hazards.

ProPILOT<sup>△</sup> allows you to enjoy your highway commute by automatically keeping up with traffic flow and helping keep you centred in your lane through a combination of automated steering, acceleration and braking. This intelligent safety technology helps ease driver workload in highway traffic and long commutes at the push of a button.

### INTELLIGENT FORWARD COLLISION WARNING<sup>\*</sup>

Keeps an eye on up to two vehicles ahead of X-TRAIL. If the system detects sudden deceleration ahead, it will give you audible and visual warnings to respond and slow down.

### INTELLIGENT EMERGENCY BRAKING<sup>▲</sup>

By monitoring speed and distance between X-TRAIL and the vehicle ahead, Intelligent Emergency Braking<sup>▲</sup> can automatically engage the brakes to help avoid a frontal collision or lessen the severity of an impact. And when it detects a pedestrian at the crosswalk, it can stop you in your tracks. The technology also features cyclist and junction detection for added piece of mind.

### INTELLIGENT REAR AUTOMATIC BRAKING<sup>▲</sup>

Helps you back-up with confidence by watching behind you during reversing manoeuvres. If a large stationary object is detected behind your vehicle, the system can automatically engage the brakes to help avoid a rear collision or lessen the severity of an impact.

### INTELLIGENT CRUISE CONTROL<sup>▲</sup>

Keeps a set distance between X-TRAIL and the vehicle ahead by measuring space and controlling acceleration and deceleration to automatically maintain a suitable following distance within your set speed.

### INTELLIGENT LANE INTERVENTION<sup>▲</sup>

Avoid unintentional lane departure. When lane markings are clear, Intelligent Lane Intervention<sup>▲</sup> can keep you centred in your lane and can tap the brakes to help gently guide you back.

<sup>\*</sup> Not available on ST.

<sup>△</sup> ProPILOT cannot prevent collisions. It is the driver's responsibility to be in control of the vehicle at all times. Always monitor traffic conditions and keep both hands on the steering wheel. System operates only when lane markings are detected. Does not function in all weather, traffic and road conditions. System has limited control capability and the driver may need to steer, brake or accelerate at any time to maintain safety. See Owner's Manual for safety information. Not available on ST.

<sup>▲</sup> Driver's aid(s) only, not a substitute for safe driving. Always monitor your surroundings.

## All-new X-TRAIL technology

### T-JUNCTION VIEW\*

Using the front camera to extend your line of sight, the revolutionary T-Junction View provides an ultra-wide perspective, giving you a safe, early look at oncoming traffic and drastically reducing blind-spot anxiety.

### INTELLIGENT 8 POINT 3D AROUND VIEW MONITOR\*

An advanced monitoring system that stitches together camera feeds with 8-point coverage to give you a crystal-clear, 360-degree, bird's eye view of your vehicle's surroundings. Enhance your parking experience with precise, real-time visual checks on every corner and side.

### SKELETON HOOD VIEW\*

Know exactly where you stand without ever turning your head. Skeleton Hood View overlays a unique, translucent outline onto the camera feed, helping you visualise your car's exact physical boundaries and alignment.

## NissanConnect Services

NissanConnect Services app is compatible with most iOS and Android smartphones. Please refer to the Google Play store for Android devices and Apple App Store for Apple devices for compatibility. Make sure that your device has the latest software update before downloading the NissanConnect Services app.

Your new vehicle comes with a complimentary 3-year subscription to NissanConnect Services, a subscription-based service. Once the initial 3-year period ends, a fee will apply and the service will not be automatically renewed unless you choose to take up a subscription. Please speak with your dealer for details on subscription options and pricing, noting that options and pricing may be subject to change.
