Drive your Ambition

PAJERO SPORT

TAKE IT TO THE NEXT LEVEL

Exceed model shown.

PAJERO SPORT, TAKE IT TO THE NEXT LEVEL.

Since 1917 Mitsubishi Motors has been at the forefront of technological innovation, having launched the innovative Super Select 4WD-II system and the world's first Plug-in hybrid electric SUV, our vehicles have been tested and triumphed in some of the most gruelling and toughest terrains on earth including Dakar rally. These engineering milestones and our commitment to reliability and ingenuity set us apart from the competition. As we continue to move forward, pushing the boundaries of innovation, you can rest assured your Mitsubishi has been built for your next adventure.

TECHNOLOGY MEETS COMFORT

Pajero Sport is a striking fusion of contemporary design, cutting-edge technology and genuine four-wheel drive capability, with an enviable off-road heritage. A luxury SUV that is as comfortable prowling the urban jungle as it is off road, Mitsubishi Pajero Sport embodies style and substance in one sleek, purposeful package.

ELEVATE YOUR ADVENTURE

Exceed model shown.

COMFORT WITHOUT COMPROMISE

A busy, energetic lifestyle is not something you can confine. Pajero Sport gives you all the interior space you need to take you comfortably to the wide, open spaces that beckon.

The seating in Pajero Sport is designed with all-day comfort in mind. The second row seats can be generously reclined for a more relaxed ride. In 7 seat GLS and Exceed models the third row comfortably sits an extra two people or can be easily folded forward to create a wide flat storage space.

Tilt and telescopic steering wheel lets you find your optimum driving position while the premium leather three-spoke steering wheel features paddle shifters and phone, audio and Adaptive Cruise Control switches. Multi Around Monitor switch is also on hand in GLS Deluxe Option and Exceed models.

The driver and front passenger in Pajero Sport GLS and Exceed can each set their own ideal temperature using the automatic dual zone climate control. Passengers in the rear have their own air vents, ensuring comfort in every seat.

Pajero Sport delivers comfort for all, with dual density cushioned seats that combine gently yielding comfort underpinned by firm support for true relaxation over any distance. Driver's seat has lumbar adjustment for extra comfort. GLS Deluxe Option and Exceed have soft leather appointed seats.*

Keep your devices in view and fully charged. Pajero Sport has one HDMI connector in the centre console and multiple USB ports across the cabin, with smartphone storage tray in the front and seat-back pockets for second row passengers.

Park your Pajero Sport safely with its convenient electric auto park brake with auto hold function.

When it's time to move on, the speed sensing doors lock automatically for security and safety.

When you drive a Pajero Sport Exceed you're always up to speed with vital information thanks to its 8" colour LCD multi-information display meter. Bright and clear day and night, the LCD display can be customised to show the information you want. It displays your speedometer and tachometer, fuel level, consumption and driving range, engine temperature level, outside temperature and more.

Exceed Model Shown. *Leather appointed seats are a combination of genuine and artificial leather, but are not wholly leather.

TECHNOLOGY AT YOUR COMMAND

Seamlessly connected. Effortlessly controlled.

Pajero Sport's innovative Smartphone Display Audio (SDA)[^] is a true extension of your smartphone via Android Auto^{™1} or Apple CarPlay². The impressive Clever Connectivity 8" touchscreen, let's you access your phone's compatible apps so you can get directions, make calls, send and receive messages and listen to music from any source including DAB+ radio. Integrated satellite navigation in GLS and Exceed means you always know which way to go next.

Voice command and steering wheel controls let you operate call and music functions without taking your eyes off the road.

Smart Key lets you lock and unlock doors, and even start the engine with the touch of a button, all while your Smart Key is tucked safely in your bag or pocket.

Pajero Sport Exceed offer remote control connectivity via Mitsubishi Remote Control Smartphone App. You'll be able to operate the tailgate, check vehicle status, monitor fuel consumption, activate the car finder function or connect to your Apple watch all through the convenient Smartphone App.

[^](SDA) supports Android[™] 5.0 or higher/iOS 8.0 or higher for use with Android Auto[™] / ApplePlay. Smartphone Link Display Audio will not operate in areas with no service signal and may not operate in supported areas where the signal is weak. Users are responsible for all charges incurred using smartphones and iPhones to connect to Android[™] and CarPlay respectively. Some functions may not be available for use depending on the user's location. Only compatible Apps can be used.

LEVEL UP WEEKENDS

Exceed model shown.

TECHNOLOGY FOR PEACE OF MIND

MiTEC Intuitive Safety Technology

Mitsubishi Motors Intuitive Technology, or MiTEC, combines a range of innovative technologies into one integrated system that works constantly to keep you safe, comfortable and entertained every time you drive.

Passive and active safety systems work in unison, alerting, guiding and reacting to help keep you and your passengers safe.

Forward Collision Mitigation¹

Detect obstructions ahead and issues a visual and audible alert when there is a danger of collision and automatically applies the brakes to avoid collision or reduce impact speed/severity.

Blind Spot Warning² and Lane Change Assist²

Mitsubishi Motors' Blind Spot Warning and Lane Change Assist helps you change lanes with confidence. The Lane Change Assist system sounds an audible alert and displays a blinking warning in the door mirrors when the system detects a high collision probability with a vehicle coming from behind moving in the same direction within 3.4m from your vehicle's side or rear bumper.

Adaptive Cruise Control³

Adaptive Cruise Control uses radar technology to detect any cars ahead in the same lane and adjusts the speed of your car accordingly while maintaining a safe distance set by you.

Please drive safely and never rely solely on these systems while driving. Drivers are fully responsible for their own safe driving. *Exceed and CSR. 1. The detection and control capabilities of FCM are supplementary only and do not prevent collisions in every situation. Please read the operation manual carefully and be aware of these limitations. 2. The detection and control capabilities of BSW and LCA are supplementary only and do not warn you of vehicles in blind spot every situation. BSW and LCA may not activate in some situations. 3. ACC may not activate in some situations depending on the vehicle in front and its conditions, weather and road conditions. This system may be unable to decelerate sufficiently if the vehicle in front brakes suddenly or another vehicle cuts into your path. Please see the user manual for more information information.

Rear Cross Traffic Alert[†]

Rear Cross Traffic Alert system uses the rear side radar sensors to detect another vehicle approaching from the side when reversing. The system operates when the vehicle is in reverse at speeds below 8km/h. It can detect moving objects from approx. 20m away, alerting the driver via an audible chime and blinking BSW warning light in side mirror.

Multi-Around Monitor[#]

Mitsubishi Motors' Multi Around Monitor provides a 360° bird's eye view of your car. The view from cameras mounted on the front, rear and sides of the vehicle (including bird's-eye view) can be displayed in various combinations to reveal what is in blind spots and help you park more safely.

Auto Dusk Sensing Headlights

Mitsubishi's Automatic Dusk Sensing Headlights will automatically illuminate in fading light or when you're travelling through a tunnel.

[†]Exceed model only. [#]GLS Deluxe option and Exceed models only.
