QASHQAI

Nissan QASHQAI. Defy Ordinary.

QASHQAI has done it again - defying expectations. It continues to overcome the challenges of the city, bringing excitement to urban drivers with its eye-catching design, and connectivity capabilities.

Ideal for urban driving, QASHQAI e-POWER uses a petrol engine and lithium-ion battery to power an electric motor, giving you the pleasure of an electric drive without the need to plug it in.

The sporty N-Design grade brings you bold, distinctive styling with no compromise on comfort. Black Alcantara® and Black Quilted Synthetic leather-accented upholstery, special 20" alloy wheels, two-tone paint and a premium interior add an extra level of dynamism and elegance to the range.

All you have to do now is decide which QASHQAI to choose.

Sharp modernity. Redefined.

With its sporty and dynamic proportions, QASHQAI is an icon redefined. Bold, subtly sophisticated and resolutely striking, its lighting signature and sharply cut grille add a powerful expression of modernity.

Stylish front grille

Rear bumper

20" alloy wheels

20" N-Design wheels with a distinctive geometric pattern, plus LED lights with sequential turn signals enhance an increased sense of poise and performance.

^ LED rear taillights available on ST-L and signature taillights available on Ti onwards.

Elegance at its best.

QASHQAI's cabin is designed around you. From the crystal clear digital displays to the ergonomically-designed cockpit and seating to the convenient cup holders, USB outlets and storage space. Everything is right where you need it, effortlessly.

12.3" TFT Advanced Drive-Assist Display Instrument Cluster*

Frameless auto dimming mirror*

Surrounded by refinement.

An elegant interior, with quality materials, superior finishes and subtle, sophisticated, customisable ambient lighting* create an instant feeling of calm and comfort in a cabin you can truly make your own.

* Available on Ti onwards.

^ CarPlay is a registered trademark of Apple Inc. Android Auto is a trademark of Google LLC. Compatible device required. Wired connections require a USB connection.
* Available on Ti onwards.

A true sense of harmony.

Step into a harmonious, refined interior. With quality materials carefully chosen to complement each other, it makes every journey more relaxing and rewarding.

Alcantara® & Synthetic leather-accented upholstery*

e-POWER shifter

Onboard quietness.

Thick glass and improved soundproofing means less road noise, less wind noise and a calmer, more peaceful journey.

Wireless smartphone charging°

+ Minor trim variations may occur from time to time. Available on N-Design.
° Compatible device required.

Focus on what matters.

The Nissan QASHQAI is equipped with advanced safety technologies to monitor the road and help keep you and your passengers safe.

ProPILOT^Δ allows you to enjoy your highway commute by automatically keeping up with traffic flow and helping keep you centred in your lane through a combination of automated steering, acceleration and braking. This intelligent safety technology helps ease driver workload in highway traffic and long commutes at the push of a button.

INTELLIGENT CRUISE CONTROL^Δ

Keeps your distance. It measures the distance from the vehicle ahead, controlling acceleration and deceleration to automatically maintain a suitable following distance within your set speed.

INTELLIGENT FORWARD COLLISION WARNING^Δ

Keeps an eye up to two vehicles in front of you. When the system detects a sudden deceleration ahead, it gives you an audible and visual warning to slow down.

EMERGENCY LANE KEEPING^Δ

A full suite of technologies to help you avoid unintentional lane departure. Keeps you centered in the lane either by steering wheel action or braking in an emergency situation.

INTELLIGENT EMERGENCY BRAKING WITH JUNCTION ASSIST, PEDESTRIAN AND CYCLIST RECOGNITION^Δ

Monitors constantly the presence of vehicles, cyclists, or pedestrians in your way. The system warns the driver and applies brakes if there is any danger ahead and if it is necessary. Junction Assist improves safety at intersections by reducing the risk of collision with upcoming traffic.

^Δ ProPILOT cannot prevent collisions. It is the driver's responsibility to be in control of the vehicle at all times. Always monitor traffic conditions and keep both hands on the steering wheel. System operates only when lane markings are detected. Does not function in all weather, traffic and road conditions. System has limited control capability and the driver may need to steer, brake or accelerate at any time to maintain safety. See Owner's Manual for safety information. ProPilot - Available on Ti onward.

[^] Driver's aid only. It cannot completely cover blind spots and may not detect moving objects. Always check surroundings before moving vehicle.

QASHQAI technology

T-JUNCTION VIEW*

Using the front camera to extend your line of sight, the innovative T-Junction View provides an ultrawide perspective, giving you a safer, early look at oncoming traffic and drastically reducing blind-spot anxiety.

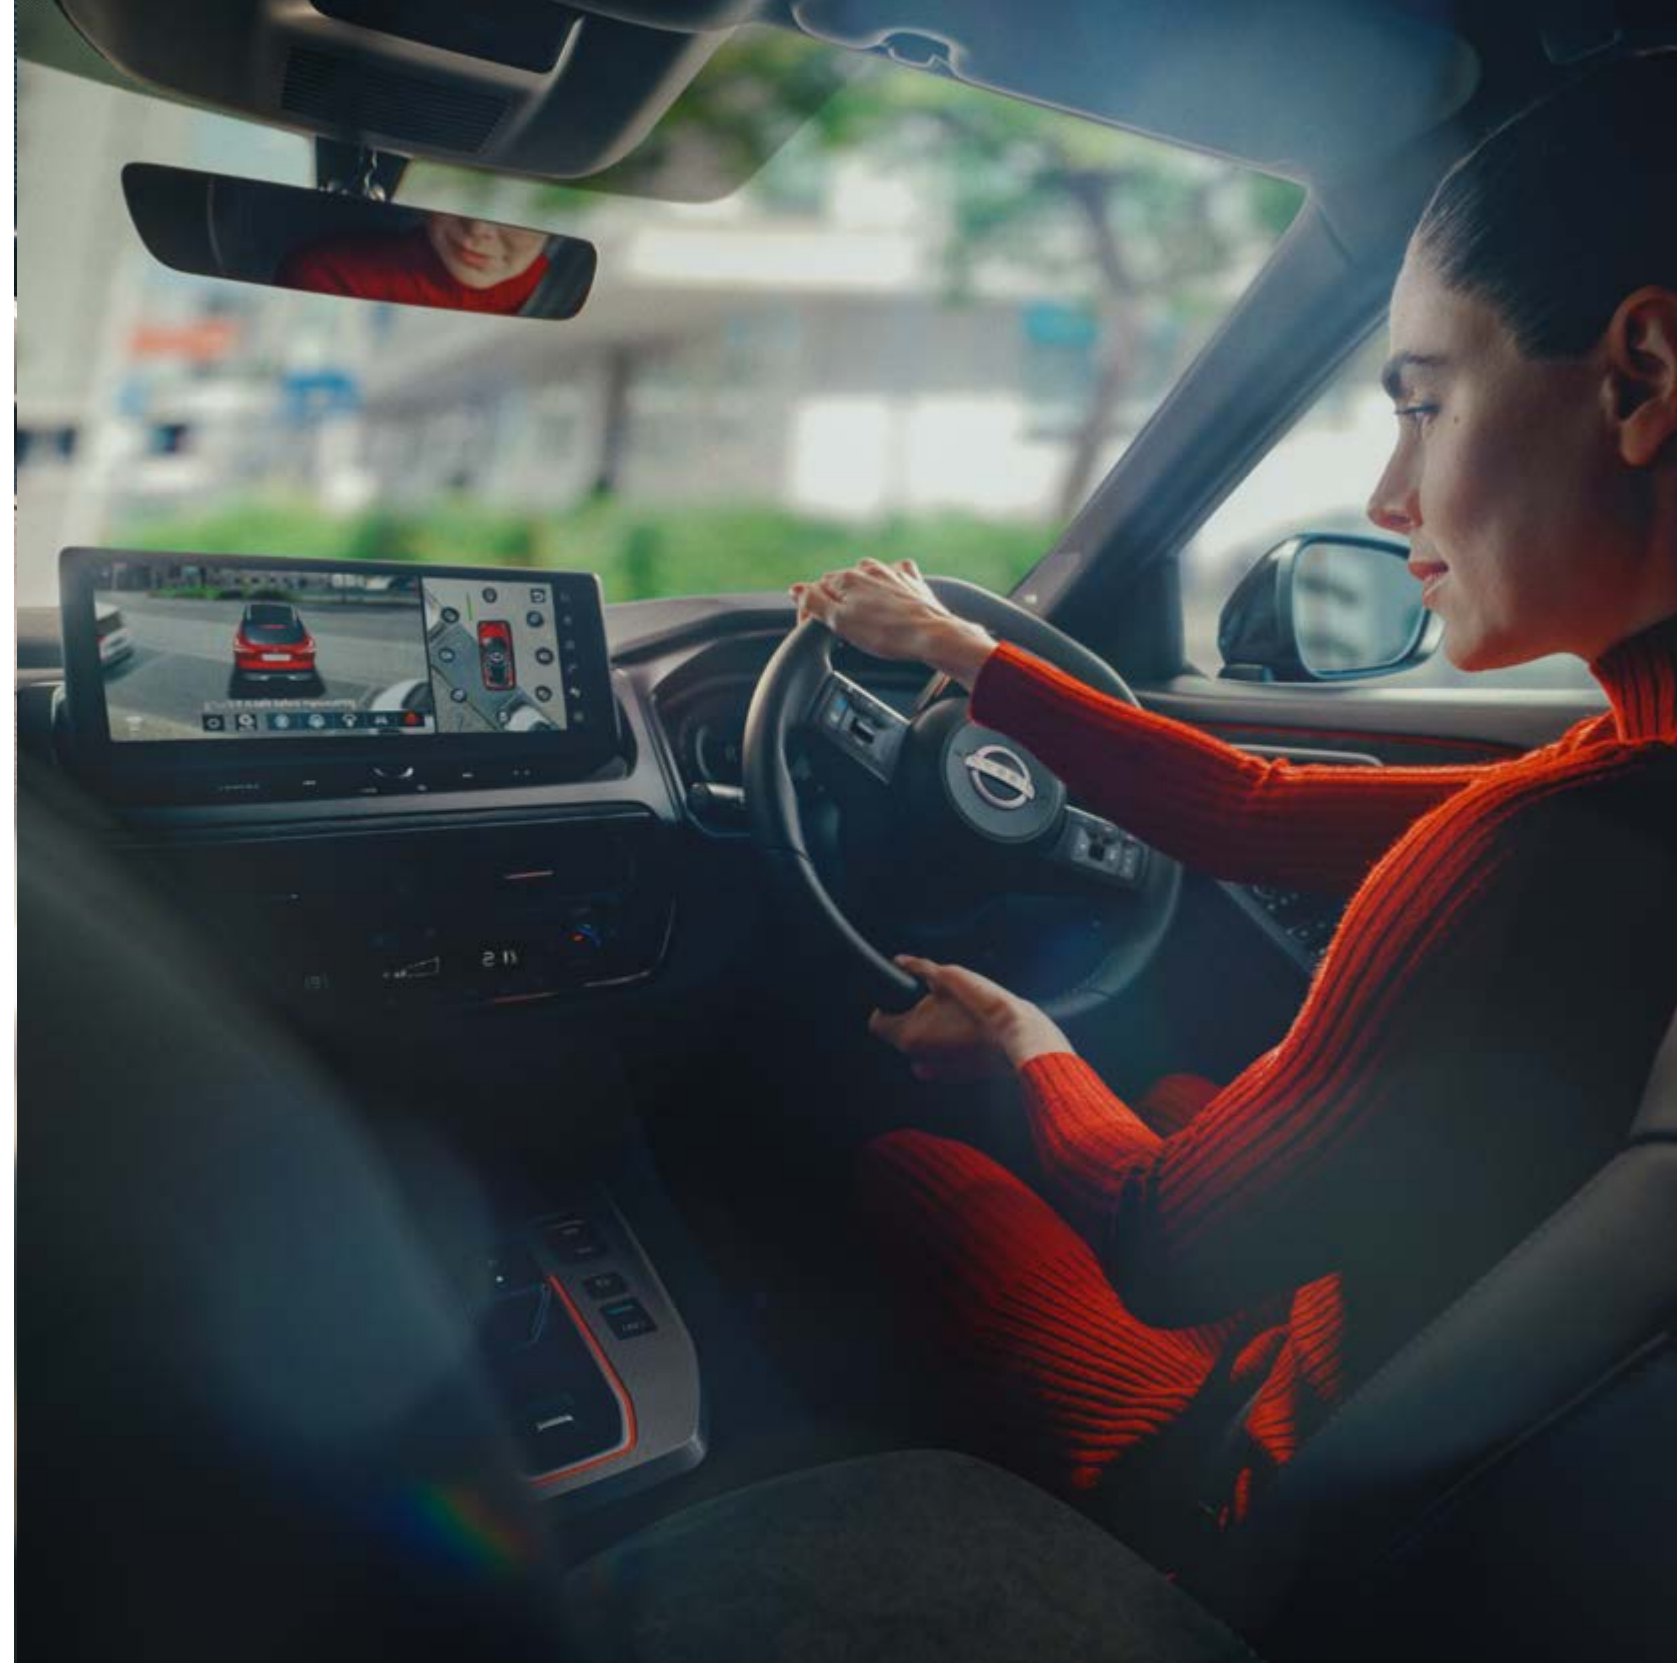

INTELLIGENT 8 POINT 3D AROUND VIEW MONITOR*

An advanced monitoring system that stitches together camera feeds with 8-point coverage to give you a crystal-clear, 360-degree, bird's eye view of your vehicle's surroundings. Enhance your parking experience with precise, real-time visual checks on every corner and side.

SKELETON HOOD VIEW*

Know exactly where you stand without even turning your head. Skeleton Hood View overlays a unique, translucent outline onto the camera feed, helping you visualise your car's exact physical boundaries and alignment.

NissanConnect Services

NissanConnect Services app is compatible with most iOS and Android smartphones.

Your new vehicle comes with a complimentary 3-year subscription to NissanConnect Services, a subscription-based service. Once the initial 3-year period ends, a fee will apply and the service will not be automatically renewed unless you choose to take up a subscription. Please speak with your dealer for details on subscription options and pricing, noting that options and pricing may be subject to change.

Please refer to the Google Play™ store for Android™ devices[~] and Apple App Store® for Apple® devices[~] for compatibility. Make sure that your device has the latest software update before downloading the NissanConnect Services app.

ENJOY SIMPLE INTERACTION
Benefit from smartphone mirroring and voice control.

PLAN AND REVIEW JOURNEYS
Enjoy door-to-door navigation and driving analysis.

CONTROL CAR FEATURES REMOTELY
Control functions such as car lights and horn, remotely.

MONITOR YOUR CAR FROM ANYWHERE*
Check your car's conditions, set usage alerts, and receive support.

* AVM, Skeleton Hood View and T-Junction View are driver's aids only and should not be used as substitutes for safe driving practices. AVM and Skeleton Hood View cannot completely cover blind spots and may not detect moving objects. Always check surroundings before moving vehicle.

The perfect vehicle
for your driving style.

Feel electrified driving pleasure with e-POWER, this unique technology delivers instant torque and smooth acceleration from an electric, battery-powered motor that is recharged by a fuel-efficient petrol engine.

e-POWER

Wheels are driven by an electric motor, with the battery topped up by a petrol engine.

Fuel consumption - combined
4.1L/100km

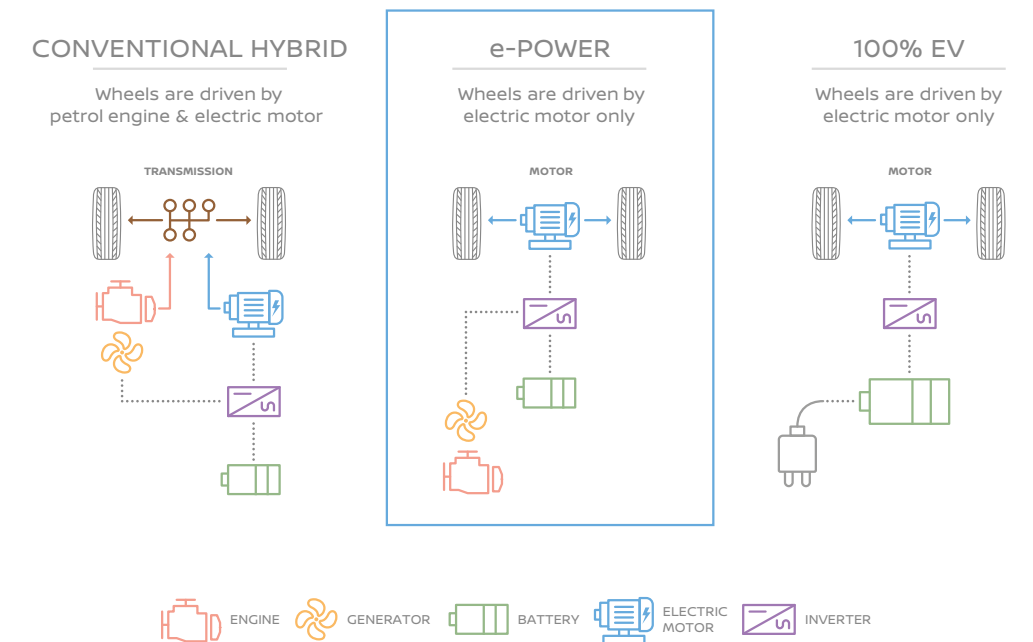

CO₂ emission - combined
92g/km

Range with single tank
Up to 1,341 KM*

Nissan e-POWER. It's hybrid reinvented.

e-POWER is an innovative EV-like system which includes an electric motor, a petrol engine and a lithium-ion battery to achieve an EV-like driving experience. The result is almost instant acceleration response and a quiet driving sensation without the need to plug in or recharge. Just exhilarating and stress-free driving with no compromise on fuel economy.

The MY26 QASHQAI is equipped with the most advanced e-POWER technology to date. The new e-POWER powertrain is more fuel efficient and more responsive than ever. With a range of up to 1341 kilometres* on a full tank and improved fuel economy of 4.1L / 100km, you can travel further without having to worry to fill up.

Australian Engineering Excellence Powers Global Innovation

The rear cover of the next generation e-POWER powertrain is proudly engineered, prototyped, and manufactured in Australia. The Nissan Casting Australia Plant (NCAP) in Dandenong South acts as the global sole supplier for these advanced parts, cementing Australia's crucial role in Nissan's worldwide electrification strategy.

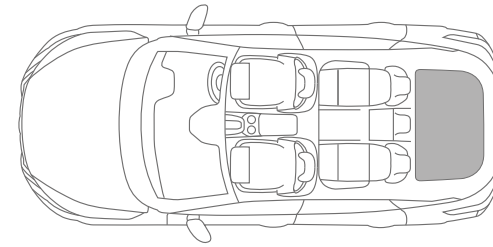

This local manufacturing capability supports Australian jobs and ensures that every new QASHQAI e-POWER globally is powered by Australian technology, proudly bearing the iconic kangaroo symbol.

* Figures stated are based on ADR81/02 test results and calculated range estimates based on 4.1L/100km fuel consumption and 55L fuel tank capacity. Figures stated for the purposes of comparison amongst vehicles only and may not reflect real world driving results. Actual driving range, fuel consumption and CO₂ emissions depend on factors such as traffic conditions, vehicle condition, how you drive and any accessories fitted.

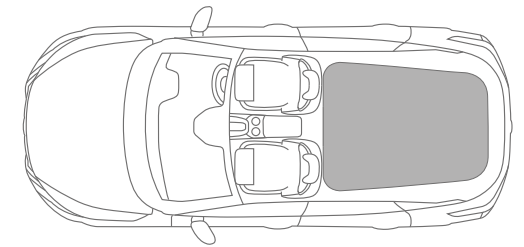

Hands-Free automatic opening power tailgate*

UP TO 504L
BOOT SPACE^

UP TO 1440L BOOT SPACE
WITH FOLDED SEATS^

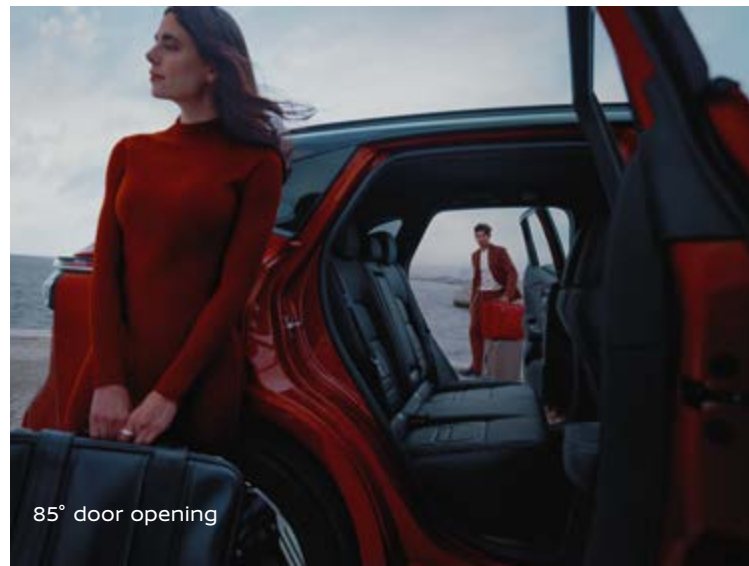

Step into space.

Up to 1440L of space means Nissan QASHQAI is ready to carry everything you need. Two luggage boards* (both with one wipe-clean surface) offer 16 boot configurations for maximum flexibility, whatever your cargo. Smart features like the Nissan handsfree power tailgate^o and wide opening rear doors take the hassle out of loading and unloading, to help you enjoy your trips even more.

* Available on Ti-L.

^o Available on Ti-L and N-Design.

[^] 1440L boot space and 504L unfolded boot space applies to ST-L only.
Boot space varies between grades.

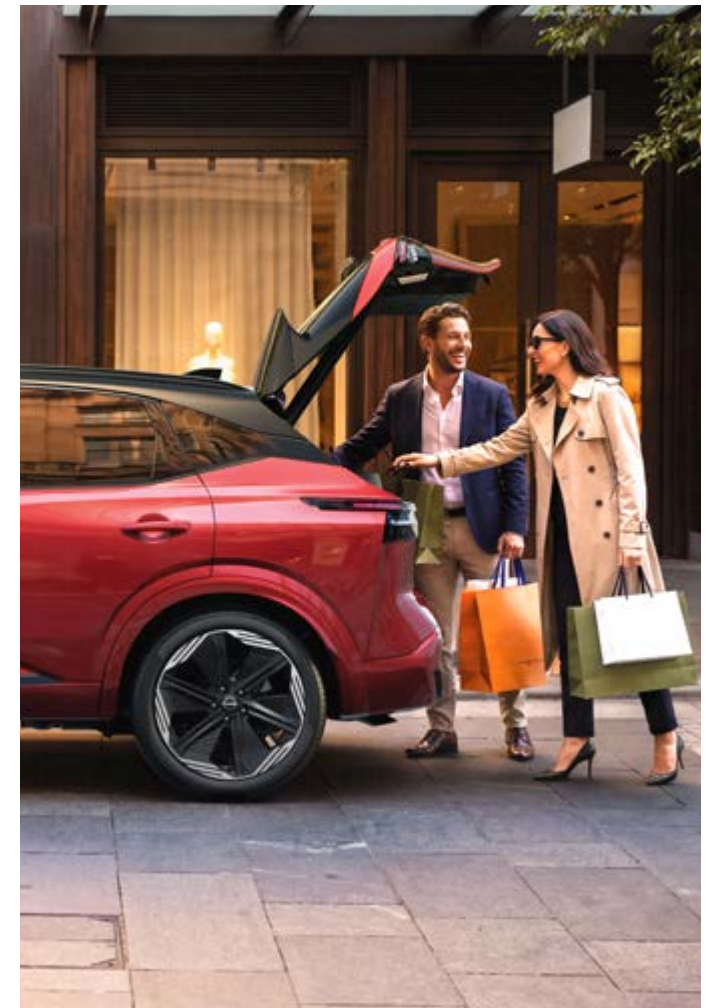

85° door opening

Your QASHQAI. Your way.

With four grades - including the distinctive, sportiness of N-Design, QASHQAI is all about choices. Pick from eight full-body colours and five two-tone options, then take it further with sharp alloy wheels. Whatever your style, whatever your personality, there's a QASHQAI for you.

[^] Whichever occurs first, when servicing at authorised Nissan dealers. Where vehicle is not serviced through Nissan or ceases to be serviced at Nissan, additional years will not be added so 10 year/300,000km warranty (whichever occurs first) may not apply. Warranty protection will remain 5 year/unlimited km warranty, plus any additional service activated years added under the Plan. Conditions apply. Full terms at [Nissan.com.au/warranty](https://www.nissan.com.au/warranty).

NOTE: Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if goods fail to be of acceptable quality and the failure does not amount to a major failure.

[†] When servicing at authorised Nissan dealers. Where vehicle is not serviced through Nissan or ceases to be serviced at Nissan, additional years will not be added, so 10 year/300,000km roadside assist (whichever occurs first) may not apply. Roadside assist duration will remain as 1 year/unlimited kilometre roadside assist, plus any service activated years added under the Plan. Conditions apply. Full terms at [Nissan.com.au/roadsideassistance](https://www.nissan.com.au/roadsideassistance).

* Ask your Nissan Dealer to explain exactly what items are covered in each Scheduled Service. Applies for the first 5 services or 5 years, whichever occurs first. Some exclusions apply. Ask your Nissan Dealer or view full terms at [Nissan.com.au/service](https://www.nissan.com.au/service).
