Always check with your local Farizon Dealer for the latest product specifications. Information in this brochure is current as at 03/03/2026. *Farizon Auto offers a warranty of 5 years or 200,000 kilometres (whichever occurs first) on all new Farizon vehicles. The high-voltage battery is covered by an 8-year or 200,000 kilometre warranty (whichever occurs first). Complimentary roadside assistance is included for 5 years from the date of first registration. For full terms and conditions, visit farizonauto.au. †Values are derived from WLTP testing, which uses standardised laboratory conditions to measure energy consumption, range and emissions. Actual performance will vary depending on driving habits, journey characteristics, vehicle specification, battery condition, use of vehicle features (including climate control), weather conditions and ambient temperature. ‡Stated charging times assume ideal conditions using a 11kW charger for AC charging, or a 100kW fast charger for DC charging. Actual charging duration may vary based on battery condition, ambient temperature and available charger output.
