New Ranger Hybrid

Ford

Power to do more, help more and achieve more

The Ranger Hybrid puts more power in your hands. The power to drive on electric power and reduce fuel costs. The power to plug in tools, lights and appliances no matter where you are. And, thanks to the versatility of its hybrid system, Ranger Hybrid's petrol engine allows you to go further, without the anxiety of range.

Uncompromised capability

Adding electric driving hasn't diminished Ranger's renowned abilities at all: it still tows, loads and off-roads like a champ.

Ultimate towing experience

Up to 3,500kg¹ | Towing
Up to 973kg² | Payload

Backup power

The engine-powered drivetrain is backed by an electric motor, resulting in advanced capability with extra power on board for all your towing needs, uphill and downhill.

Pro Trailer Backup Assist³

Reverse easier than ever with Pro Trailer Back Up Assist. Simply turn the knob in the direction you want the trailer to move, and the system steers for you.⁴

EV drive modes

We've added 4 EV drive modes to enhance performance and efficiency. 'Auto EV' makes the decision for you. 'EV Now' runs your Hybrid purely on electric power, reducing fuel consumption. 'EV Later' preserves battery charge for later use. Finally, 'EV Charge' uses the engine to top-up your battery.

Regenerative braking

Ranger Hybrid's modular hybrid transmission incorporates regenerative braking, allowing the driver to capture and store energy during braking, which would otherwise be lost. This has the added benefit of enhancing the towing experience and reducing wear on brakes.

Built for off-road

Ready to tackle anything

With the same full-time Advanced 4x4 System as Ranger, Ranger Hybrid gives you complete off-road confidence, including the added reassurance of a locking rear diff when you need more traction.

800mm water wading⁵

Just because it has a battery, doesn't mean you have to worry about getting a little wet. The Ranger Hybrid has the same ability as the rest of the family, with breathers on axles, transmission and transfer case all sitting above the rated waterline.

Drive modes

Standard across the range are various drive modes to help you navigate tricky terrain and channel more power, such as Mud & Ruts, Sand, and Tow & Haul modes.

Off-road protection

Ranger Hybrid has excellent underbody protection, shielding steering, sump and transmission.

Pro Power Onboard

When you're off grid camping, or working remotely, Pro Power Onboard acts as a generator on wheels, so you can power your gear wherever you go. Plug in tools, recharge batteries, run fridges and lights, power your caravan, boil a kettle – whatever you need power for at worksite or campsite, the Ranger Hybrid can supply it.

6.9kW⁶

Pro Power Onboard max output

11.8kWh

Usable battery capacity

3.45kW - 15A

2 x Tray sockets

2.3kW - 10A

1 x Interior socket

Interior comfort

Like all Rangers, the Ranger Hybrid is designed to make driving more pleasurable. Electric drive keeps the cabin comfortably quiet. Large, integrated touchscreen puts everything at your fingertips, and smart Driver Assist features help take the stress out of the road.

Ranger ownership experience

We're constantly introducing new tools and services, designed to adapt to your needs throughout the life of your vehicle.

Got questions? Speak with our Ranger Experts. Get personalised expert advice to learn about the advanced features of the Ford Ranger, or even buying advice on what model best suits your lifestyle. Our Experts can be accessed via ford.com.au/showroom/ford-expert/. If available you can speak to them live or make a booking for a future appointment, all at a time convenient to you.

The Discover Your Ford learning hub is available to help you with everything from connecting FordPass to making the most of Drive Modes. For more information, visit ford.com.au/support/discover-your-ford

Ford Insure⁷

Ford Genuine Parts⁸ maintain the integrity of your car by ensuring it performs the way it's meant to.

It's the same with Ford Insure. Because this insurance is made specifically for your Ford, it offers key features to restore your vehicle to a high standard. These benefits are standard in every policy:

New Genuine Ford Parts⁸

Look after the integrity of your vehicle, by using only New Genuine Parts⁸ when possible.

Dealer fitted accessories⁹

Accessories which are fitted on your vehicle by a dealership are automatically included.

Automatic off-road cover¹⁰

Enjoy peace of mind with automatic off-road coverage included.

Removal of excess for glass damage¹¹

The Standard Excess under your policy won't be applied for windscreen, sunroof or window glass only claims.

Financial GAP cover¹²

If your vehicle is subject to finance and deemed a total loss following an accident, the insurer will pay your outstanding secured finance amount, if it exceeds the market value.

Flexible payment options¹³

Offers you both annual or monthly payments.

For more information, visit ford.com.au/owners/insurance

A range of models to fit your lifestyle

The Limited Edition Stormtrak has an electrifying off-road appearance, unique exterior finish and an incredibly versatile Flexible Rack System.

Running a fleet?

Our Ford Fleet team is here to assist you in any way we can. Please email askfleet@ford.com

1. Maximum towing capacity braked using a Genuine Ford tow pack (standard on all Ranger Hybrid models). Subject to State and Territory regulations. To comply with these limits, any load transported by the vehicle may need to be restricted to not exceed the GCM and GVM limits. For further details regarding load restrictions, please consult your authorised Ford Dealer and / or refer to the vehicle brochure.
2. Subject to State and Territory regulations. Kerb Weight includes the vehicle with a full tank of fuel, without occupants, luggage or cargo and with the heaviest possible combination of factory fitted optional equipment included. Payload is calculated by deducting the vehicle's Kerb Weight from its Gross Vehicle Mass (GVM). Payload (based on Kerb Weight) is the maximum combined value of occupants, cargo, added accessories, added structures and tow ball download (when towing). Vehicle weights are approximate and subject to individual variances. Vehicles should be weighed before and after adding additional load, accessories or towing a trailer to ensure the maximum Gross Vehicle Mass (GVM), Gross Combined Mass (GCM) and Gross Axle Weight Ratings are not exceeded.
3. Standard on Hybrid Wildtrak and Hybrid Stormtrak. Available at additional cost on Hybrid Sport.
4. Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner's Manual for details and limitations.
5. Maximum water wading 800mm maintaining steady speed of 7km/h or less. Always consult the Owner's Manual before off-road driving, know your terrain and trail difficulty, and use appropriate safety gear. Do not attempt a water crossing if you are unsure of the water depth.
6. Pro Power Onboard offers up to a maximum total power output of 6.9kW in the Ranger Hybrid range. Pro Power Onboard has three power outlets-one in cabin and two in load box. 2.3kW limit on cabin and 3.45kW limit on each load box outlet provided there is a maximum power output of up to 6.9kW. 2.3kW limit on each outlet when all outlets are used simultaneously provided there is a maximum power output of up to 6.9kW. Pro Power Onboard may not sufficiently power all equipment and its use will decrease battery charge. Speak to your Ford dealer for information.
7. While all reasonable skill and care has been taken in preparation of this it should not be construed or relied upon as a substitute for specific advice on your insurance needs. The advice is not based on your personal objectives, financial situation or needs. Accordingly, you should consider how appropriate the advice is to those objectives, financial situation and needs before acting on the advice and, before buying the product, you should read the current Product Disclosure Statement (PDS) and Target Market Determination (TMD) prepared by the insurer, HDI Global Specialty SE – Australia, ABN 58 129 395 544, AFSL 458776 ("HDI"). Both the PDS and the product TMD are available [wtwco.com/fordinsure](https://www.wtwco.com/fordinsure). WTW receives commission benefits from the insurer. These fees and commission are disclosed in the WTW FSG and relevant client documentation.

This insurance product is arranged by Ford Australia or your authorised dealer acting as a distributor of WTW for this product. In arranging this insurance, Ford Australia and your authorised dealer act on behalf of WTW and not as your agent. You should review and understand the WTW FSG. If you purchase this insurance Ford Australia and your Dealership will receive a commission from WTW. For further information or assistance please go to www.ford.com.au/owners/Insurance or call us on 13 FORD (3673).

WTW are acting as agent of HDI Global Specialty SE- Australia under a binding authority agreement.

8. Some insurance companies may use repairers that could use non genuine parts to repair your vehicle. If your claim is accepted the insurer will use Genuine Parts when available. If not available, the insurer may use genuine reconditioned or recycled parts or ADR certified new, recycled or reconditioned parts. Refer to the Ford Insure PDS for full details.
9. When purchasing your vehicle from a dealership, accessories included on the purchase invoice are included in cover, without the need to list them on your schedule. Refer to the Ford Insure PDS for full details.
10. If Your Vehicle is damaged while it is being driven on a beach or off any public road, coverage may be available. Any claim will be subject to any applicable excess being doubled and the PDS terms and conditions. Refer to the Ford Insure PDS for full details.
11. Automatic removal of your standard excess on glass damage means the Standard Excess will not apply if you sustain a loss where the only damage to your Vehicle was glass damage. Refer to the Ford Insure PDS for full details.
12. Finance GAP Cover is only available in the event a vehicle is a total loss. Any payout is subject to a finance agreement with a finance company directly relating to the vehicle purchase and the financed amount exceeding the total loss payout, excluding any arrears. Refer to the Ford Insure PDS for full details.
13. Premiums are payable annually or monthly, subject to minor adjustments (upwards or downwards) due to rounding and financial institution transaction fees apply. Refer to the Ford Insure PDS for full details.

P = Part of a Pack that can be ordered before a vehicle is manufactured at an additional cost

Disclaimer:

1. Driver-assist features are supplemental and do not replace the driver’s attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. See Owner’s Manual for more information. 2. Mud/Rut Mode intended for off-road use only. 3. Sand Mode intended for off-road use only. 4. Fuel consumption and emission as per ADR 81/02 (combined cycle) and to be used for vehicle comparison purposes only. It is unlikely that these fuel consumption and emissions figures will be achieved in real world driving conditions. Actual fuel consumption and emissions will depend on many factors including the driver’s habits, prevailing conditions and the vehicle’s equipment, options and accessories, condition and use. Electric driving range estimated using New European Driving Cycle (NEDC). 5. Pro Power Onboard offers up to a maximum total power output of 6.9kW in the Ranger Hybrid range. Pro Power Onboard has three power outlets-one in cabin and two in load box. 2.3kW limit on cabin and 3.45kW limit on each load box outlet provided there is a maximum power output of up to 6.9kW. 2.3kW limit on each outlet when all outlets are used simultaneously provided there is a maximum power output of up to 6.9kW. Pro Power Onboard may not sufficiently power all equipment and its use will decrease battery charge. Speak to your Ford dealer for information. 6. Subject to State and Territory regulations. Kerb Weight includes the standard vehicle with a full tank of fuel, without occupants, luggage, cargo, accessories or options. The no cost option spare wheel adds 39kg to the Kerb Weight. Maximum Kerb Weight includes the vehicle with a full tank of fuel, without occupants, luggage or cargo and with the heaviest possible combination of factory fitted optional equipment included. Tare Weight includes the standard vehicle with 10L of fuel, without occupants, luggage or cargo, accessories or options. The no cost option spare wheel adds 39kg to the Tare Weight. All payloads are calculated by deducting either the vehicle’s Kerb Weight, Maximum Kerb Weight or Tare Weight from its Gross Vehicle Mass (GVM). Payload (based on Kerb Weight) is the maximum combined value of occupants, cargo, added accessories, added structures and tow ball download (when towing). Vehicle weights are approximate and subject to individual variances. Vehicles should be weighed before and after adding additional load, accessories or towing a trailer to ensure the maximum Gross Vehicle Mass (GVM), Gross Combined Mass (GCM) and Gross Axle Weight Ratings are not exceeded.

Disclaimer:

7. Vehicle dimensions are approximate and subject to individual vehicle variances, and should be confirmed before fitting any accessories or otherwise relying on this value. All Pick-up box dimensions take into account the Drop-In Bedliner where standard. **8.** Vehicle length measured from front license plate bracket. **9.** 800mm Water Wading achieved when maintaining a steady speed of 7 km/h. **10.** Inclusive of tow bar where standard. **11.** Spare Wheel adds 39kg to Kerb Weight of vehicle. **12.** Zone Lighting will not operate if battery charge is insufficient. The length of time that Zone Lighting will operate depends on the battery charge, the types of lights fitted to the vehicle (LED or Bulb) and other electrical loads connected to the vehicle. The system will automatically turn off after a period of time to preserve the battery's engine starting performance.

O = Factory Option that can be ordered before a vehicle is manufactured at an additional cost

P = Part of a Pack that can be ordered before a vehicle is manufactured at an additional cost

Disclaimer:

16. Use of FordPass is subject to the FordPass Terms and Privacy Policy available on ford.com.au/fordpass and requires a compatible mobile device, internet access and software (including software updates from time to time). FordPass functionality and appearance may change over time due to software updates. You are responsible for internet access, mobile network data and voice call services required for your use of the FordPass App on your mobile device, including associated fees. The FordPass App and FordPass Connect modem can only work when both are connected to the telecommunications network. The FordPass Connect modem will only function on the 3G or 4G telecommunications networks. When these networks are no longer available, the modem will stop functioning and the connected services and all data transmission via the modem will cease. Ford cannot guarantee that FordPass will be in fully operating condition at all times and the FordPass App may be unavailable or particular FordPass services interrupted. Ford is not responsible for any limitations or restrictions of the telecommunications network or of your mobile device. Warning: Local laws prohibit some phone functions while driving. Check your local road rules before using these functions. Use Remote Vehicle Start and Stop responsibly and only in well ventilated areas where you are aware of your vehicle's surroundings. **17.** BANG & OLUFSEN® 2024 and B&O® 2024. BANG & OLUFSEN™ and B&O™ are registered trademarks of Bang & Olufsen Group. Licensed by Harman Becker Automotive System Manufacturing Kft. All rights reserved. **18.** Bluetooth® is a registered trademark of Bluetooth SIG, Inc. and is under license. Some phones not compatible. **19.** Eligible vehicles receive Connected Navigation Services for 1 year from the Ford Express New Vehicle Warranty start date, after which time the Connected Navigation Services may cease to be available, or may be subject to a subscription fee. To use Connected Navigation Services, users must have created a FordPass App account (terms apply), have fully activated the vehicle's FordPass Connect modem and have SYNC Location set to 'on'. **20.** Maximum towing capacity braked using a Genuine Ford tow pack (standard on all Ranger Hybrid models). Subject to State and Territory regulations. To comply with these limits, any load transported by the vehicle may need to be restricted to not exceed the GCM and GVM limits. For further details regarding load restrictions, please consult your authorised Ford Dealer and / or refer to the vehicle brochure. **21.** Drivers will need to create a profile of their trailers in SYNC to support the Trailer Brake Controller and must set the gain on the Brake Controller unit. **22.** Trailer Light Check can be used via SYNC, or via FordPass app as a Connected Service. Where used via the app as a Connected Service, eligible vehicles receive 1 year of service from the Ford Express New Vehicle Warranty start date after which time, the Connected Service may cease to be available, or may be subject to a subscription fee. Users must have created a FordPass App account (terms apply) and have fully activated the vehicle's FordPass Connect modem to use this feature via the app.

Important information:

This brochure is designed to provide you with a general introduction to the Ford products (including available optional equipment) referred to and should be read in conjunction with the latest specification sheet. Features, designs, materials, colours and other specifications may vary from those depicted. Because of changes in conditions and circumstances Ford reserves the right, subject to all applicable laws, at any time, at its discretion, and without notice, to discontinue or change the features, designs, materials, colours and other specifications and the prices of its products, and to either permanently or temporarily withdraw any such products from the market without incurring any liability to any prospective purchaser or purchasers. The latest specification sheet should be referred to for information on the availability, ordering and use of features and optional equipment. Always consult an authorised Ford Dealer for the latest information with respect to features, specifications, prices, optional equipment and availability before deciding to place an order.
