Say hello to GWM.

GWM is a world-renowned vehicle manufacturer capable of designing and producing SUVs, utes and powertrains simultaneously. At GWM, everything we do is grounded in our corporate philosophy: ‘improving little by little every day.’

From building world-class research and development systems, which enable continuous innovation, to following the ‘excessive investment’ principle, which drives industry leadership, we relentlessly put our philosophy into practice. We are proud to make vehicles that combine the best components, technology and safety features from around the world. With over 2.5 million ute and pick up’s sold globally (and counting), we are a proud maker of durable utilitarian vehicles for over 25 years. We attribute our success to passion, drive and a commitment to listening to our customers.

Designed to meet all your needs.

Introducing a new breed of ute, unlike anything you've seen, sat in or driven before - the GWM Cannon Alpha. Larger overall dimensions mean a bigger on road presence and better in-cabin comfort. Improved on and off road performance opens more possibilities than you ever imagined. Put your foot down and feel the smile spread across your face as you instantly sense the wave of torque pinning you to your seat. Now you can tow, haul, drag, pull, push or lug almost anything, effortlessly.

Larger, smarter, and gutsier than ever.

With incredible on road performance and unbelievable off road possibilities, the Cannon Alpha is the most powerful Diesel powertrain ute we have ever built

**Model shown is a Cannon Alpha*

Grand doesn't do the Cannon Alpha justice. This vehicle is about as lavish and well-appointed as a ute can get with a host of opulent interior specifications combined with a collection of striking exterior design features. These include an overhauled centre console with two new larger tablet-style screens surrounded by attractive new woodgrain style trim with a new colour, design and texture. The new three spoke faux leather accented steering wheel and soft, supple front and rear seats are our most comfortable yet. Squarer LED headlights create a sense of exterior style and sophistication. And the 60/40 split-swinging tailgate* adds a touch of design class providing easier access to the tray.

**Ultra and above variants only.*

Our most stylish and luxurious ute ever.

LED tail lights^

19" Black wheels fitted with premium Continental Tyres^*

^Model shown is a Cannon Alpha

A new breed of performance.

With a choice of a powerful 3.0-litre turbo diesel or advanced Hi4-T plug-in hybrid powertrain, the Cannon Alpha is built for those with a Can Do attitude. Delivering impressive performance, power, torque and a 3.5-tonne braked towing capacity, it has the strength and capability to take on more.

From demanding worksites to weekend adventures, the Cannon Alpha combines power, versatility and confidence to handle whatever comes your way. Whether you're towing the boat, hauling the caravan or exploring beyond the bitumen, it's built to help you Can Do More.

With advanced 4WD capability, intelligent drive technology and features designed for challenging conditions, the Cannon Alpha gives you the confidence to tackle tough terrain and keep moving when the going gets tough.

More Can Do,
with a 3.0L
turbo diesel
or turbo petrol
hybrid engine.

Smart tech never looked smarter

State of the art is now a work of art thanks to the new styled 14.6-inch touchscreen panel, featuring GWM's intuitive COFFEE OS* user interface. Designed to put everything you need at your fingertips, COFFEE OS lets you control your infotainment from one screen, while the other displays your vehicle's gauges, alerts, digital instruments, and safety systems. You can even see a 360° view of the vehicle while driving. Plus, a wireless charging dock*, keyless entry and push-button start create a smarter, more connected and effortless overall driving experience.

*COFFEE OS is available on diesel models only.

*Model shown is a Cannon Alpha

More effortless power through tech.

Hi4T

Meet our most tech-advanced ute, the GWM Cannon Alpha Hi4T Plug-in Hybrid - pumping 300kW of power and 750Nm of torque from a 2.0-litre four-cylinder petrol engine is a marvel in engineering. Built to purpose, it retains industry standard of 3.5 tonne towing capacity, true mechanical 4x4 capability, 1,060km combined range, finally class-leading pure electric and total combined range. The GWM Cannon Alpha PHEV is a ute of tomorrow on road today.

Hi4^T Technology

GWM's Hi4-T (Hybrid Intelligent 4WD Technology) sits at the heart of our electrification roadmap. This advanced multi-mode petrol-electric hybrid system integrates a powerful turbocharged engine with a high-capacity lithium-ion battery, delivering outstanding efficiency, performance, and refinement. Designed for both city streets and rugged terrain, Hi4-T provides smooth, responsive take-offs, strong acceleration, and exceptional fuel savings - while ensuring minimal noise and maximum driving confidence.

Built for Australia.

New standard brake controller and Towing Mode

Built to the safest standards.

ANCAP Safety test

ANCAP Safety test

Equipped with more than 100 of the latest active and passive safety features, the Cannon Alpha is engineered to deliver confidence and peace of mind on every journey. The GWM Cannon Alpha PHEV has been awarded the highest possible 5-star ANCAP safety rating, highlighting GWM's commitment to advanced safety technology.

Standard safety features across the Cannon Alpha range include Automatic Emergency Braking, Lane Keep Assist, a Driver Fatigue Monitoring System and Traffic Sign Recognition, helping provide reassurance that your GWM vehicle is designed to look out for you and those around you.

Protection from all angles.

Smart tech, active and passive safety features and front and side monitoring mean worry-free driving.

GWM Care

Every GWM comes with GWM Care. It begins from the moment you take delivery of your vehicle and continues long into the future. Wherever the road leads, you can rest assured knowing that your GWM will be kept at its best for many years to come.
